Form Instructions Be sure to complete the agency code and contact information on Part A of the workbook **and** all applicable shaded areas on all worksheets. Please note that each attachment page is on an individual worksheet within the workbook. Using the "Tab" key will allow easy navigation between all required fields.

Procedures Before completing the applicable attachments, the agency must have:

1. Reviewed the detail in the accounts and identified any required adjusting entries.
2. Prepared and submitted ATVs or listed items on the Exception Register (Attachment B).

The review must ensure that there are no transactions that posted prior to June 1 remaining in the above GLAs at June 30. After completing the review, including action to resolve items requiring correction, the agency must reconcile to the anticipated balance of each applicable GLA listed above, as of June final close. In other words, assume that all adjustments by ATVs and those listed on the final Exception Register will be completed by final close.

Part A: Certify the applicable GLA balance to the anticipated CARS Final Close balance by fund/ fund detail.

Part B: List each individual transaction making up the undistributed balance of each GLA by batch identification number (BID). Make no distinction by fund/fund detail. The description of each item must include the date of occurrence, a brief explanation, and the amount. **Do not summarize the transactions.**

If additional entries are required, please insert rows to the spreadsheet. To do this, go to the cell where the row will be inserted, then, on the menu bar, click **Home**, then, click **Insert**, then, click **Rows**.
