

### Instructions for the Vendor Maintenance Request form (Cardinal AP-SW-502)

#### Overview

Vendor additions and updates are made in Cardinal by submitting a properly completed Vendor Maintenance Request form (Cardinal AP-SW-502) to the Commonwealth Vendor Group through DOA's Secure Forms Website. Select individuals at each agency may request vendors to be added to or updated in the Cardinal Vendor Table. Those individuals are identified when the Agency Fiscal Officer submits an *Agency Signature Authorization for Vendor Maintenance* form. When adding a new vendor record, only Fiscal Vendors should be added online. Vendors who need to be paid for a non-procurement-related event (i.e. refund) are referred to as Fiscal Vendors. Procurement vendors are added to Cardinal via the nightly eVA Vendor Upload interface. Procurement Vendors are defined as any individual, public body, or business that sells goods or services to the Commonwealth. The following procedures provide detail for completing the Vendor Maintenance Request form.

#### To Add or Change a Vendor Record

- Prior to making a request to add a vendor, execute a search in Cardinal to determine if the vendor exists.
- If the vendor exists, and requires an update, document the Vendor ID and complete the Vendor Maintenance Request form, providing the data for all required fields that need updating.
- Make sure you have all required information and documentation for adding the vendor. Complete the Vendor Maintenance Request form, providing the data for all required information. Required information is identified by an asterisk (\*) on the form. Attach a Commonwealth of Virginia Substitute W-9 as required.
- Submit the form to any agency personnel who is authorized to approve vendor changes, and attach a Commonwealth of Virginia Substitute W-9 as required.

#### To Inactivate a Vendor Record or Location

- Complete the Vendor Maintenance form as required. If an existing **Vendor** record is being updated to inactive, specify Inactive for the Vendor Status. If an existing vendor **Location** is being updated to inactive, specify Inactive for the location Effective Status. Use the Comments box to designate the reason why the vendor record or location should be inactivated.

#### **Vendor Withholding Information Updates**

- Cardinal automatically determines whether a vendor is 1099-reportable when the vendor is created, based on the vendor classification and type. When the system determines that the vendor is 1099-reportable, the withholding class (reporting box on the IRS 1099) is defaulted to 'Non-employee Compensation'. If additional classes (for example, medical and legal payments) apply to the vendor, the vendor's withholding information must be updated manually by the CVG. The additional withholding classes should be requested in the Comments section of the form. For additional information regarding these updates, the agency 1099 Administrator should contact CVG.

Procurement Vendor updates

- Procurement Vendors are defined as any individual, public body, or business that sells goods or services to the Commonwealth. Vendors are required to be in eVA even when the event is exempt from eVA regulations as defined in the Agency Procurement and Surplus Property Manual (APSPM). After determining the vendor is a Procurement Vendor, the vendor should be registered in eVA, either by self-registration or agency registration. Vendors can be registered by completing a paper registration form or on-line at www.eva.virginia.gov. Additional questions about the eVA registration process can be sent to eVACustomerCare@dgs.virginia.gov. Upon passing the required edits, the vendor is then added to Cardinal via the eVA Vendor Interface.
• Vendors who have been added in Cardinal via the eVA Vendor Upload interface may require updates. Updates to these vendors should be made in eVA by a self-registered vendor or by the eVA Customer Care Team.
• Vendors who need to be paid for something other than a procurement-related event (e.g. refund) are referred to as Fiscal Vendors. Those vendors are added by submitting a properly completed Vendor Maintenance Request Form.

Requestor/Approver Identification (Automatically Populated in DOA's Secure Forms Site When Completed)

Form titled 'Vendor Maintenance Request' with fields for Requested By, Business Unit, Email, Email 2, Approval Signature, Phone, and Approval Date. Includes a note: '\* Denotes a required field' and a note for Email 2: 'additional email address to receive notifications about this form'.

- 1 Requested By – The name of the person requesting the new or updated vendor record.
2 Business Unit – The number of the agency making the request.
3 Email – The requestor's email address (e.g. John.Doe@agency.virginia.gov).
4 Approval Signature – The name of the person at the agency who is authorized to approve vendor additions and/or updates. Only select individuals at each agency are authorized to approve and submit the Vendor Maintenance Request form on behalf of their agency. These individuals are designated on the Agency Signature Authorization for Vendor Maintenance form. For internal control purposes, this person should be different than the requestor.
5 Phone – The ten digit (area code included) phone number.

vendor, the vendor status can be updated to Active and another payment can be issued.

- 26 Persistence: Regular** – Vendors that will be paid on an on-going basis.

**If you are adding a new vendor or updating required identifying information, check all applicable boxes:**

- 27 W-9 Required: Yes** – Indicates a Commonwealth of Virginia Substitute W-9 form is required.
- 28 W-9 Required: No** – W-9s are required for all vendors. There are some valid exceptions to this requirement and examples include government payees, right of way landowners, and refund recipients. If this is selected, a valid reason should be provided in the Comments section describing the due diligence that was performed to obtain the Commonwealth of Virginia Substitute W-9.
- 29 W-9 Attached: Yes** – Indicates the vendor’s Commonwealth of Virginia Substitute W-9 form is attached. If a current W-9 exists on the vendor’s record and no information has changed, this does not need to be attached again and can be notated in the comments section.
- 30 W-9 Attached: No** – Indicates a Commonwealth of Virginia Substitute W-9 form is not attached to the request form. If this is selected, a valid reason should be provided in the Comments section.

### ID Type and Number and Type of Contractor

The screenshot shows a form with several fields. A red box highlights the \* ID Type: field, which has a drop-down menu with the following options: ATN - Adoption Taxpayer ID, EIN - Employer ID Number, ITN - Individual Taxpayer ID Number, SSN - Social Security Number, W8 - Foreign Vendor Number, and OTH - Other. Another red box highlights the \* Type of Contractor (select one): field, which has radio button options for Corporation, Partnership, Estate, Proprietorship, Government, Reportable Corporation, Other, and Trust. Other fields visible include \* Persistence (One Time, Regular), \* ID Number, \* W-9 Required (Yes, No), and \* W-9 Attached (Yes, No).
