Reportline Overview

Introduction

The Department of Accounts (DOA) has developed a web-based system to provide access to digital reports generated by the accounting and financial management systems operated by DOA and for which Statewide users key data transactions into.

Authorized users may access **Reportline** using the internet at

<https://reportline.doa.virginia.gov>

Reportline is user-friendly and requires little intervention from outside resources. However, DOA realizes there may be some functions individuals may need assistance with and it has developed this administrative manual to guide system users.

REPORTLINE Features

Reportline provides Commonwealth of Virginia agency personnel, as well as Treasurer and Clerk of the Court locality personnel, with the means to:

- View reports **not printed remotely onsite** for **3 years** past the report run date.
 - Download multiple reports simultaneously to view, print, and/or store.
 - Store electronic versions of these reports on an agency-based server or individual personal computer.
 - Perform searches for specific verbiage found in the electronic reports.
 - Maintain agency user access internally.
 - View Help pages associated with each **Reportline** online screen.
-

Database Security

State-of-the-art security features are provided to maintain confidentiality of report information.

- **Application Security**—requires a Logon ID and password for system access. Individuals will be required to keep this information confidential to provide the utmost security to Commonwealth data.
 - **Secure Socket Layer (SSL)**—uses a 128-bit encryption routine to protect the data as it travels back and forth over the Internet.
 - **Encrypted File System (EFS)**—is an operating system feature that protects sensitive data and prevents unauthorized access to the file directory.
-

Continued on next page

Reportline Overview, Continued

Access Requirements

- Browser must be enabled for Java Script.
- Browser must be enabled for Cookies.
- Browser must be enabled for Secure Socket Layer (SSL) Security (128-bit version).
- If connecting to the site from behind a firewall or proxy server, it must allow SSL (port 443) communication.
- **Internet Explorer** browser, version 9.01 or higher.
- Designed to be viewed at a screen resolution of 800 by 600 or greater, with a minimum of 256 colors.
- Connection speed of 56k modem (or higher) is recommended.

Security Enhancements

Reportline's enhanced security protects sensitive information and to conform to VITA/NG security regulations. Enhanced security includes the following:

1. Requires a password phrase when making a temporary password request.
 2. Passwords are case sensitive.
 3. Passwords have new criteria.
 4. Ability for a user to reset his password instead of requesting a temporary password—AFTER 24 HOURS.
 5. Requires answering *Challenge Questions* for certain changes.
-

Reportline User Security

Security Levels **Reportline** has four levels of application security.

- *Application Administrator*—DOA Database Administration personnel who establish Systems Administrator security.
 - *Systems Administrator*—DOA application specific (i.e., CARS, CIPPS, FAACS) personnel who establish line agency Reportline Security Officer security.
 - *Reportline Security Officer*—Line agency security officer who establishes Individual User security.
- **Individual User**—Line agency personnel who utilizes Reportline to access electronic reports. **Reportline Users ARE able to change passwords within 24 hours to maintain agency and locality report access.** Details are covered below in the following topics:
- ① **How to Update an Expired Password**
 - ② **Forgot Your Password**

**Locality User
Setup &
Request Form**

NOTE

Treasurer and Clerk of the Court personnel are established with individual user security for CARS report access by the Department of Accounts.

Locality personnel use the **REPORTLINE LOCALITY REQUEST FORM FOR CARS MONTHLY REPORT ACCESS** located at the DOA web site as follows:

http://www.doa.virginia.gov/Admin_Services/Reportline/ReportlineLocalityRequestForm.pdf

**Agency User
Setup**

Your **Agency Reportline Security Officer** sets up your individual security so you can access Reportline.

**Agency User
Request Form**

To access specific reports on Reportline, your Agency Reportline Security Officer will have you complete the Reportline Request Form. This form is located on DOA's Reportline website for use under the REPORTLINE link on the right-hand side of the MAIN PAGE . Its web location and a sample follow. **Return the form to your agency's Reportline Security Officer who adds you directly into the Reportline system.**

Once you are added, your agency's Reportline Security Officer will notify you of your Log-on ID and Password.

Revised 1/28/11

Getting Started: How to Create Your New Password and Challenge Question Answers

Introduction Your Password needs to conform to VITA/NG security standards.

To do this, perform the following:

- ① Request a TEMPORARY PASSWORD be sent to your E-mail box, and
- ② Use this TEMPORARY PASSWORD to log in to create a PERMANENT PASSWORD and answers to two CHALLENGE QUESTIONS.

This topic guides you through the Reportline screens for this procedure.

**Set Up
Temporary
AND
Permanent
Passwords**

Although you have to have been activated with security as a Reportline User, it is necessary to perform a couple of new SECURITY SETUPS.

In turn, you will receive a system-generated E-mail with a **TEMPORARY PASSWORD**. Use this temporary password to log in and create a **PERMANENT PASSWORD**.

**Web Address to
Log On** <https://reportline.doa.virginia.gov>

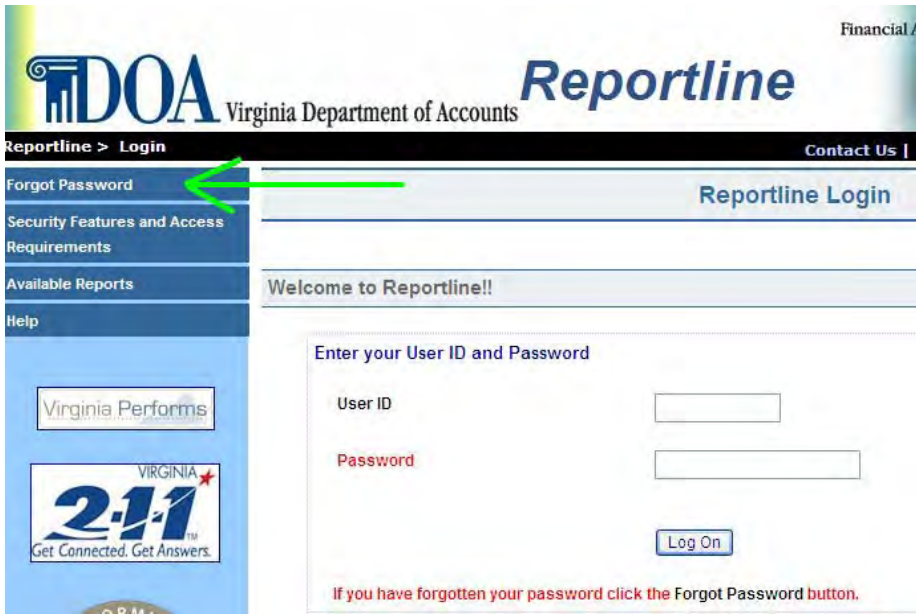

**DOA Home
Page to Log On** From the DOA Home Page, under LINKS click **REPORTLINE**. Then, click REPORTLINE WEB SITE button.

Continued on next page

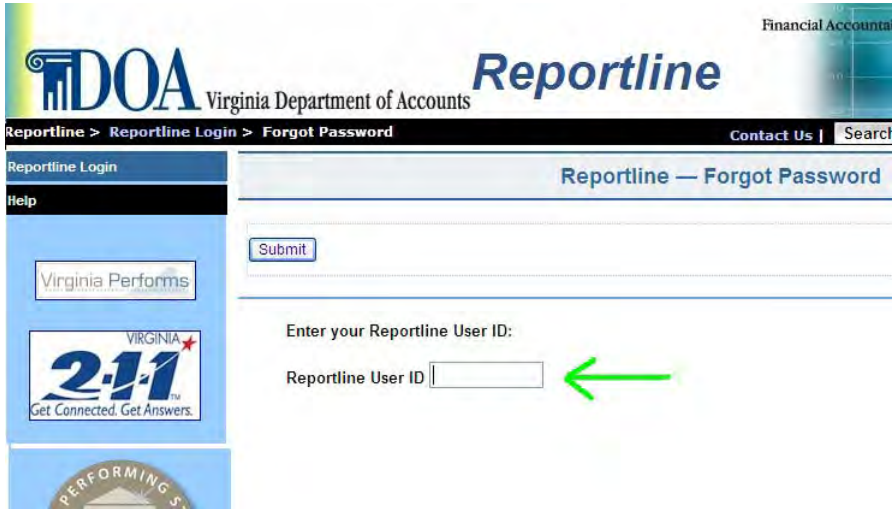

Getting Started: How to Create Your New Password and Challenge Question Answers, Continued

Request Your Temporary Password

Perform the following steps to receive a **TEMPORARY** password. To do this, you will NOT log in; INSTEAD, you will click **FORGOT PASSWORD**.

Step	Action
1	<p>Access the Reportline website (see above).</p> <p>At the Login screen, you can set a Reportline DESKTOP ICON to log on for future sessions without going through the DOA web site. To do this, right click your mouse; select SET AS DESKTOP ITEM or CREATE SHORTCUT.</p>
2	<p>You have to receive a TEMPORARY password from the Reportline system E-mailed so you can create your PERMANENT password.</p> <p>IMPORTANT</p> <p>Do NOT enter data in USER ID or PASSWORD fields.</p> <p>Instead, click FORGOT PASSWORD.</p> 

Getting Started: How to Create Your New Password and Challenge Question Answers, Continued

Step	Action
3	<p>At the FORGOT PASSWORD screen, enter your USER ID and click SUBMIT.</p> 
4	<p>Next, enter your E-Mail Address; click SEND.</p> 

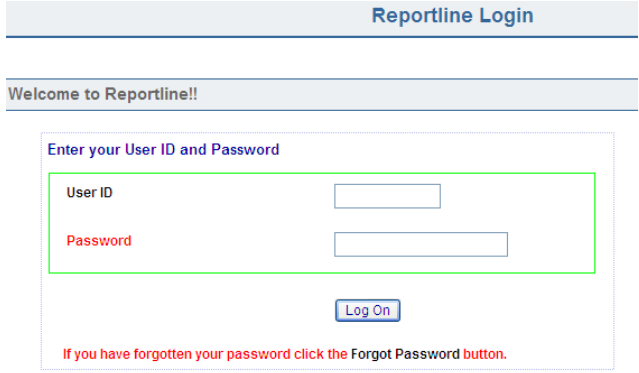

Continued on next page

Getting Started: How to Create Your New Password and Challenge Question Answers, Continued

Step	Action
5	<p>Enter a TEMPORARY PASSWORD PHRASE (no special characters required). <u>Remember this phrase or make a note because you need it later.</u></p> <div> <p>Reportline — Forgot Password</p> <hr/> <p>Enter a personal Password Phrase (any word or phrase of your choosing up to 24 characters).</p> <div> <input type="text"/> <input type="button" value="Submit"/>  </div> <p>You will be required to provide this Password Phrase when using your temporary password to access Reportline for the first time.</p> </div>
6	<p>NOTE</p> <p>Reportline uses the E-mail address in your Reportline security record. If you do NOT receive an E-mail message with the temporary password, have your REPORTLINE AGENCY SECURITY OFFICER verify your E-mail address for accuracy in your security record.</p> <p>The following message is for a User ID <u>not</u> in Reportline. See your REPORTLINE AGENCY SECURITY OFFICER.</p> <div> <p>Reportline - Forgot Password</p> <hr/> <p>There are no matching records for User ID bbbbbb.</p> <p>A temporary password cannot be assigned.</p> </div>
7	<p>The system-generated, E-mail is sent to your In-Box and contains a unique, temporary password.</p> <div> <p>From: Reportline@doa.virginia.gov Sent: Tue 6/15/2010 11:18 To: Rider, Michael (DOA) Cc: Subject: Reportline - New Temporary Password</p> <hr/> <p>*** THIS RESPONSE IS BEING SENT AUTOMATICALLY. PLEASE DO NOT REPLY TO THIS EMAIL ***</p> <p>Per your request, your TEMPORARY REPORTLINE PASSWORD is: V3EpN2P8</p> <p>Please note this Password is case sensitive.</p> </div>

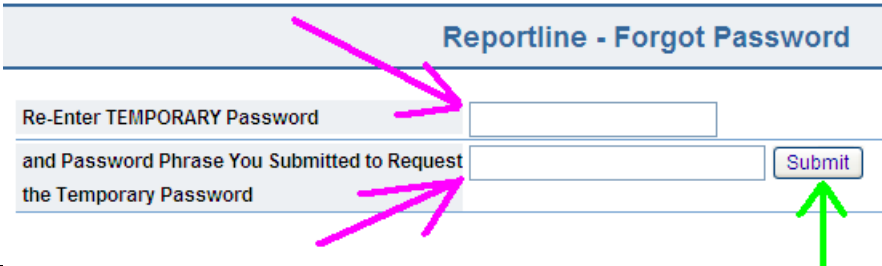

Continued on next page

Getting Started: How to Create Your New Password and Challenge Question Answers, Continued

8	<p>Once you receive the temporary password and you have NOT timed out of Reportline, you can remain at this Reportline screen and click REPORTLINE LOGON to re-enter Reportline.</p> <p>Otherwise, you need to access the Reportline logon screen.</p> 
9	<p>Note</p> <p>You can COPY the temporary password from your E-mail and PASTE it directly into the Password field at the Reportline Login screen. This helps prevent making a keying error.</p> <p>At the Reportline Login screen, enter USER ID and the TEMPORARY PASSWORD which is <u>case sensitive</u>. It has to be entered exactly as it appears in the E-mail.</p>  <p>Click Log On.</p>

Continued on next page

Getting Started: How to Create Your New Password and Challenge Question Answers, Continued

10	<p>At the <u>following screen</u>—</p> <p>a) Re-enter the TEMPORARY PASSWORD E-mailed to you. b) Enter the Password Phrase you keyed earlier when you requested the temporary password. c) Click SUBMIT.</p> 
11	<p>The next setup screen is organized into <u>three</u> areas as follows:</p> <ol style="list-style-type: none"> 1) E-mail Address verification 2) Password

Reportline - Forgot Password - Password Requirements Status

Enter new personal information. Enter email address(es) and new password twice for verification.

Challenge Questions and Answers (if already completed) do not have to be re-entered.

How to Update an Expired Password

Password Expires Every 90 Days

Your password is valid for **90 days**. When it expires, the system generates the screen so you can enter a new password, along with a password hint.

Password Expires if Reset by the Security Officer

If you forget your password and request a **Reportline Security Officer to change your password**, you receive an expired password message the first time you use the reset password. This is designed so **you** create a new password *immediately* to begin using Reportline.

Screen

The EXPIRED PASSWORD screen lists the Password rules to establish your password which has six (6) requirements.

Once you complete the three fields, click **SUBMIT** in the upper, left-hand corner.

Reportline - Forgot Password - Password Requirements Status

Enter new personal information. Enter email address(es) and new password twice for verification.

Challenge Questions and Answers (if already completed) do not have to be re-entered.

ERRORS:

Password Error:

Password must:

- 1) be at least 14 characters in length

Invalid Log On When you enter an invalid Logon ID, you will see the error message in red ink:

Suspended Account After 5 (five) failed logon attempts, the following message is displayed:

Reportline Login

Welcome to Reportline!!

Enter your User ID and Password

User ID

Password

Invalid Password (2 Violations)

Violations are cleared in one of three ways—

- 1) During overnight computer processing
- 2) For AGENCY USERS, during the day by your Agency Reportline Security Officer
- 3) For LOCALITY USERS, during the day by a DOA Systems Administrator

To contact DOA, use the **Contact Us** button in the upper, right-hand corner of the screen to request the violations be cleared.

Forgot Your Password?

Password Change Rule

You can change your Password within 24 hours of it having been just added or changed by your Agency Reportline Security Officer or a DOA Reportline Administrator.

Reportline - Forgot Password
<p>Password must:</p> <ol style="list-style-type: none"> 1) be at least 14 characters in length 2) utilize at least three of the following four: <ul style="list-style-type: none"> special characters (\$! @ { } & ~ + ? [] _), upper case alphabetical characters (A - Z), lower case alphabetical characters (a - z), numerical characters (0-9), 3) not contain spaces 4) not contain ('), (<), (>), or (#) 5) not match assigned temporary password 6) not match last 24 passwords <p>The password you have entered:</p> <p>Does not contain at least 3 of the 4 required character types</p> <p>Contains Invalid Characters. The only special characters allowed are: \$! @ { } & ~ + ? [] _</p>

In Reportline, when you forget your password, do the following—

1. Contact your REPORTLINE AGENCY SECURITY OFFICER and ask to reset the password.
2. **Agency Security Officers** can contact a DOA Reportline Administrator to reset the password to a new one as well.
3. After you re-log into Reportline with the password the Security Officer has used to reset you, you will get a message indicating that you have to create a new password. You will be prompted to do this immediately in order to continue using Reportline because the system is programmed to give you an Expired Password error message.
4. To change the password after you are reactivated by a security officer, you can use one of methods **shown as separate topics in this manual** as follows:
 - ① FORGOT PASSWORD (procedures follow directly below)
 - ② HOW TO UPDATE AN EXPIRED PASSWORD (procedures shown in a separate topic previously)

Help	Opens a new window containing information about the page.
Log Off	Logs you off the system.

Access Files Page

Selecting Your Reports

From **MAIN MENU**, click **ACCESS FILES**.

The Access Files page allows you to select specific files to view and/or save at a server or personal computer. You can also print specific reports as well.

Report selection is refined by using the following selection dropdown boxes.

- **Agency or Locality**
- **Report Family**
- **Report Run Date**
 - This is NOT the period ending date; it is the actual date when the report processed in the respective DOA computer system used to generate your Reportline report.
- **Report ID**
 - “Select” or “All” = All reports for a Report Family
 - Reports for which you have access are listed numerically and then alphabetically; they are NOT categorized by Report Family in this pull-down menu.

Reportline Reports Identified by Prefixes and Suffixes

Access Files					
Agency or Locality 151	Report Family Select	Report Run Date from 05/06/2008 to 05/06/2008	Report ID Select	<<< View Reports	
Agency or Locality	Report Family	Report Run Date	Report ID	Report Name	View or Down

CARS Reports are identified in Reportline by their **prefixes** and **suffixes**.

the monthly **ACTR 0402 Options: C1 Trial Balance of General Ledger Accounts by Agency/Fund Detail/Project** is listed in Reportline under the Report ID of **OR0402C1**.

Reportline PREFIXES (where **O** = Cycle; **R** = Report)

Monthly Cycle O

(Other Monthly Cycles I, M, N, P, Q, R, T; Weekly Cycles U, V, W)

R Report

Access Files Page, Continued

Reportline SUFFIXES

Numeric suffixes are options and shown in Reportline with and without the corresponding Alpha designation found on the upper, left-hand of the CARS reports.

- A** (precedes the **first** number)
- B** (precedes the **second** number)
- C** (precedes the **third** number)
- D** (precedes the **fourth** number)

These **silent-printed/non-printed letters** are combined **with numbers** to define the following data as follows:

A1	Trial Balance of GLAs by Agency/Fund
A2	Trail Balance of GLAs by Agency/Fund—Operating
B1	Trial Balance of GLAs by Agency/Fund Detail
B2	Trail Balance of GLAs by Agency/Fund—Operating
B3	Trail Balance of GLAs by Agency/Fund—Capital
B4	Trial Balance of GLAs by Control Agency/Fund Detail
C1	Trial Balance of GLAs by Agency /Fund Detail Project
C4	Trail Balance of GLAs
D1	Trial Balance of GLAs by Fund Detail
D2	Trial Balance of GLAs by Fund Detail— Operating
E1	Trial Balance of GLAs by Fund
F1	Statewide Summary Report

Report ID Example = OR 0402 C1

OR = Monthly Report run in Cycle O

0402 = Report Number from CARS as in ACTR 0402

C 1 = Trial Balance of GLA's by Agency/Fund Detail/Project

Report Can Be Viewed PDF or TXT

You can view the report online in Portable Document Format (PDF). Click the **PDF** button. PDF is an image file of your report.

You need the Adobe Acrobat Reader software installed on your PC. This is available as a free download from the Adobe Corporation’s web site. The PDF format feature shows the report in the same layout as it would be printed.

Use the **TXT** button to view the report for TEXT (TXT) viewing.

When you do this, the report loads from the Internet to your desktop.

When the report opens, it adjusts to the defaults of your word processing package or text editor—thereby requiring you to manually adjust the formatting to accommodate the way the report should print.

Access Files Page, Continued

Using Adobe
Acrobat Reader
Version 5 or
higher?

Important

If you use **Adobe Acrobat Reader Version 5 or higher** and **cannot view the report online when you click the PDF button**, you need to have the Reader open in a separate screen window and not in the Internet Browser.

To do this, make the following Acrobat Reader software setup change similar to this example for Version 5.

Version 5 Users

Step	Action
1	Open Adobe Acrobat Reader (START, PROGRAMS, ADOBE READER)
2	Click <EDIT> <PREFERENCES>
3	Click <OPTIONS> in the left menu if it is not already there.
4	Remove the check from the DISPLAY PDF IN BROWSER box.
5	<OK>
6	Close and reopen Internet Browser.

PDF Format
Choice &
Search/Find
Feature

Click on PDF button to view the report using the Adobe Acrobat Reader.

The report appears online in the same format as it would appear in hardcopy print.

You can use the Adobe software to save and/or print the report.

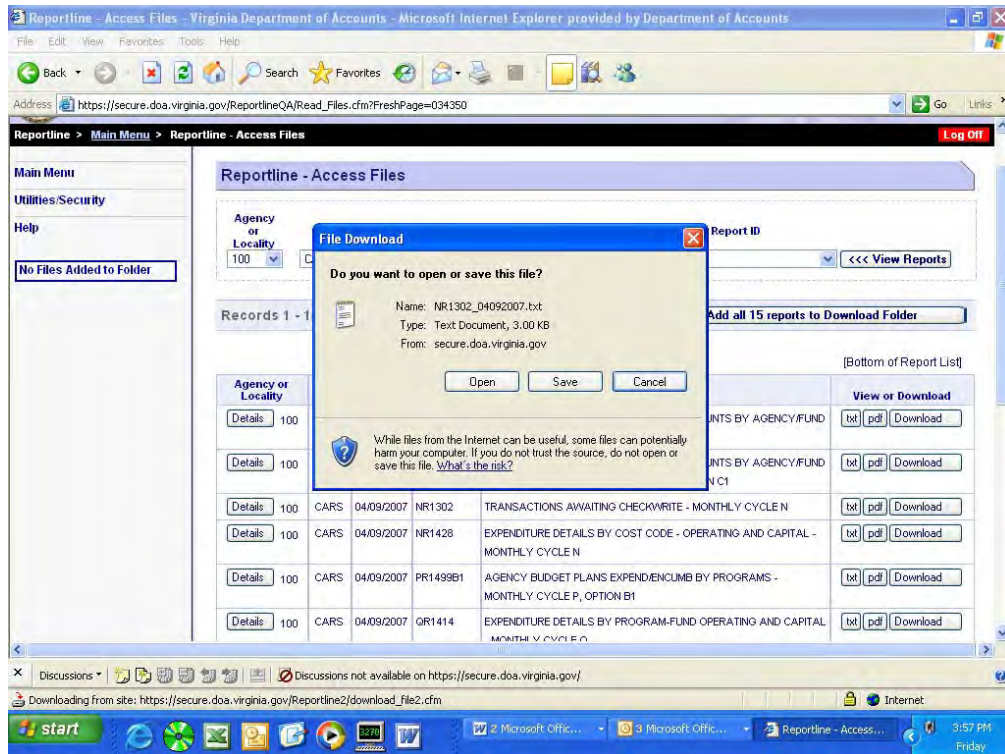

Use the FIND feature—you can scroll through a PDF document doing a search & find.

Continued on next page

Access Files Page, Continued

TEXT (TXT) Format Choice

After clicking on **TXT**, a pop-up **File Download** box displays. Click the appropriate action which typically is **Open**.

Continued on next page

Access Files Page, Continued

TXT File Opens in a WP Application

The report opens in a text editing/word processing application (typically Notepad or Microsoft Word, e.g.).

It is not formatted.

Formatting a TXT Report

Use your editing software to reformat the report.

Note that the report's appearance on the screen is not necessarily the way the report will look when printed. Therefore, as you reformat the report, use the Print View feature to check the report's layout as you edit.

Using the Download Feature to View, Print, and/or Save Multiple Reports

Introduction **A Reportline feature allows you to—**

1. view,
2. print, and/or
3. save multiple reports.

When you use this feature, reports are compressed (zipped) on the DOA side and extracted (unzipped) by you. Software to UNZIP your compressed Reportline reports is your responsibility to have installed at your desktop PC.

This feature allows you to view, save, and/or print MULTIPLE documents in TXT or PDF format.

If you are a low-volume user of Reportline, you might find it efficient to continue accessing a single report each time. DOA recommends this method for locality personnel in Treasurer and Clerk of the Court offices.

**Download
Features**

1. Select multiple reports as a defined group without opening each report individually to view/print/save.
 2. Identify grouped reports for the Reportline session so you can verify the report selected is the requested one to be printed/saved/filed.
 3. Download and compress grouped reports to a zipped (compressed) file to save space and place in a download folder as a compressed (zipped) file.
-

Using the Download Feature to View, Print, and/or Save Multiple Reports, Continued

Download Process

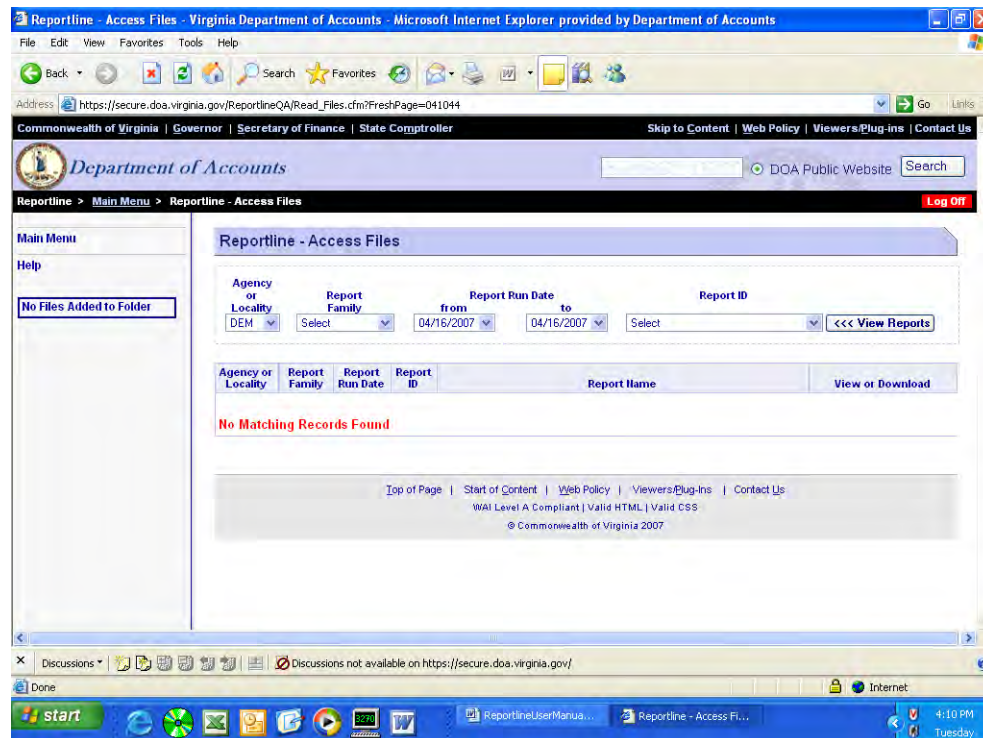

The following table illustrates the stages in the Download process.

Stage	Description
1	Navigating and scrolling at the ACCESS FILES screen
2	Downloading reports
3	Extracting compressed (zipped) reports
4	Saving multiple reports
5	Printing multiple reports

Access Files Screen Sample

The Download feature is located as a button choice at the ACCESS FILES screen.

From the MAIN MENU, click ACCESS FILES for this screen to load in.

Continued on next page

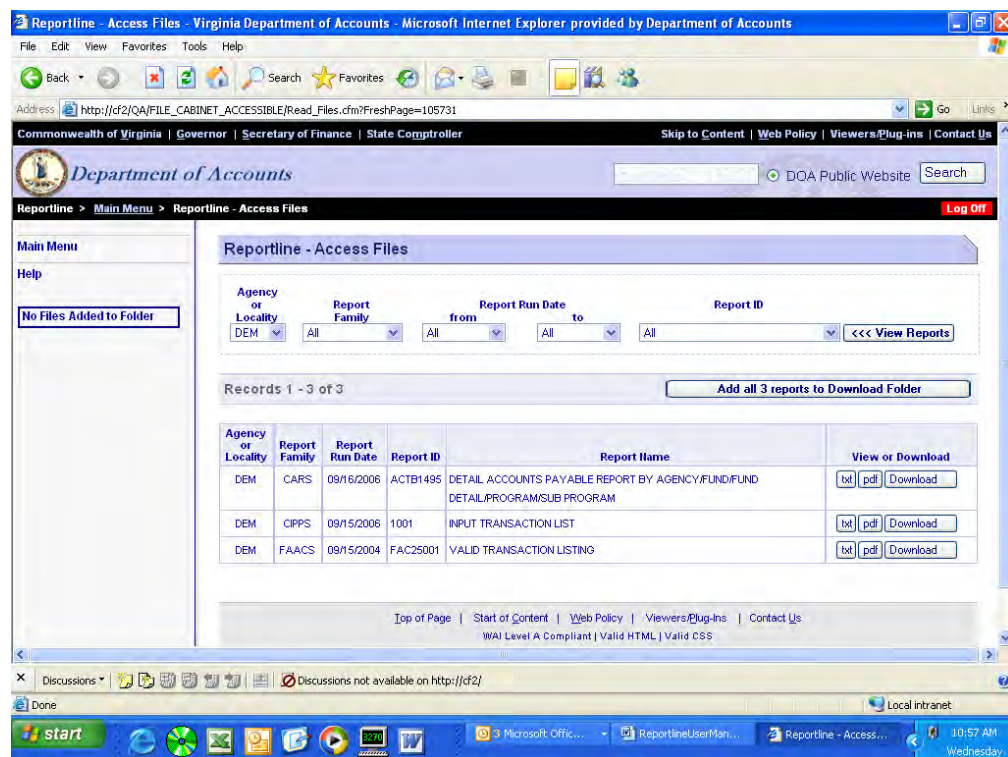

Using the Download Feature to View, Print, and/or Save Multiple Reports, Continued

View or Download

After you enter report selection criteria in the field headings, you can **VIEW** or **DOWNLOAD** reports individually or as a group as follows:

a) Individually—**txt** and **pdf** viewing buttons

b) Multiple reports—**Download** button

The screenshot shows the 'Reportline - Access Files' web application. It features a search interface with dropdown menus for 'Agency or Locality' (set to DEM), 'Report Family' (set to All), 'Report Run Date' (from All to All), and 'Report ID' (set to All). A 'View Reports' button is visible. Below the search criteria, it indicates 'Records 1 - 3 of 3' and provides an 'Add all 3 reports to Download Folder' button. A table lists the following reports:

Agency or Locality	Report Family	Report Run Date	Report ID	Report Name	View or Download
DEM	CARS	09/16/2006	ACTB1495	DETAIL ACCOUNTS PAYABLE REPORT BY AGENCY/FUND/FUND DETAIL/PROGRAM/SUB PROGRAM	txt pdf Download
DEM	CIPPS	09/15/2006	1001	INPUT TRANSACTION LIST	txt pdf Download
DEM	FAACS	09/15/2004	FAC25001	VALID TRANSACTION LISTING	txt pdf Download

At the bottom of the application, there are links for 'Top of Page', 'Start of Content', 'Web Policy', 'Viewers/Plug-ins', and 'Contact Us'. The footer also mentions 'WAI Level A Compliant | Valid HTML | Valid CSS'.

Continued on next page

Using the Download Feature to View, Print, and/or Save Multiple Reports, Continued

Navigation Buttons

After your reports load in, navigate the screen by using the right-side, scroll bar or the **BOTTOM OF REPORT LIST** or the **TOP OF REPORT LIST** buttons located above and below the *View or Download* column on the right-hand side.

IMPORTANT: **Before You Download**

Before you download reports, establish a PC File Folder location for your selected, downloaded reports to load into. Note the name of its location.

If you do not, the system places downloaded reports into a system-selected location you might find difficult to locate.

Contact your Information Technology staff to guide you if needed to create a file folder location on your PC.

Continued on next page

Using the Download Feature to View, Print, and/or Save Multiple Reports, Continued

Select Reports to Download

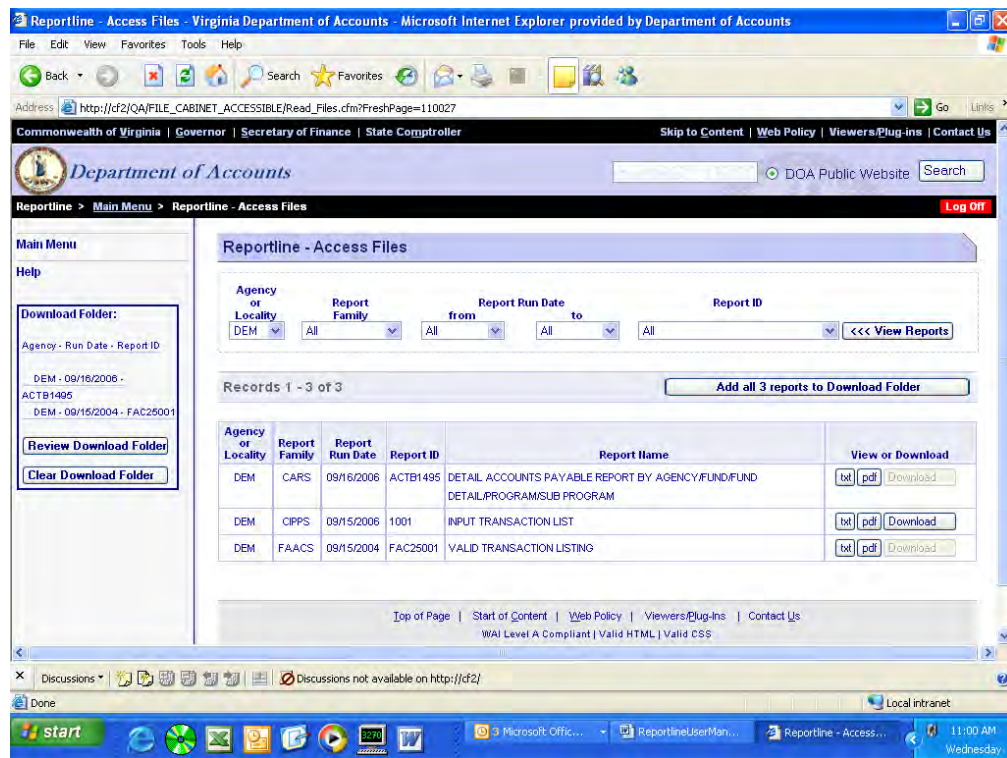

After reports load into the ACCESS FILES screen, click the **DOWNLOAD** button for each report you want to download.

The **DOWNLOAD** button turns to gray to show it has been added to the left-column's Download Folder.

Important

WAIT UNTIL THE FILE HAS BEEN PLACED IN THE DOWNLOAD FOLDER BEFORE YOU SELECT THE NEXT REPORT TO DOWNLOAD.

At this point, the report files have NOT been downloaded—just added to a pending area, much like adding them to a shopping basket for checkout.

Continued on next page

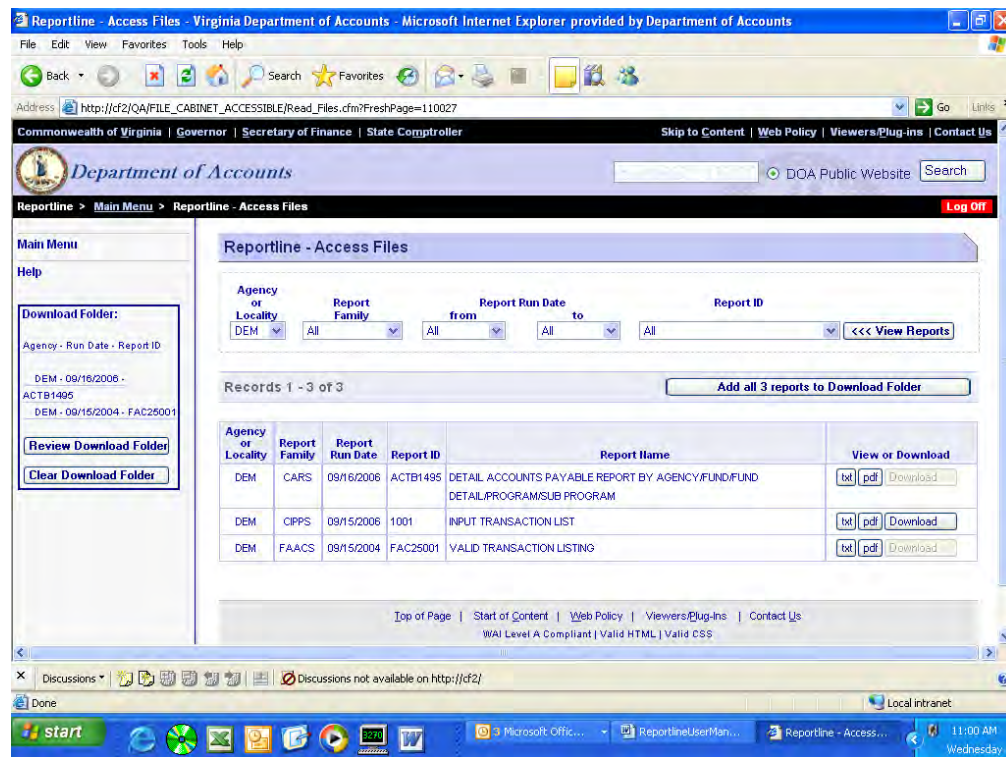

Using the Download Feature to View, Print, and/or Save Multiple Reports, Continued

Clearing Your Download Folder

If you want to start over with the download, click **CLEAR**; your prior Access Files screen returns as it was without files selected for downloading.

Review Download Folder

Click **REVIEW DOWNLOAD FOLDER** button on left-hand side to view the reports selected for download.

Saving Zipped Files to Your Desktop PC or LAN Server

After you click **DOWNLOAD THESE FILES IN PDF FORMAT**, the files are downloaded.

They download to a temporary file area on your PC waiting for you to **OPEN** (to view) or **SAVE**.

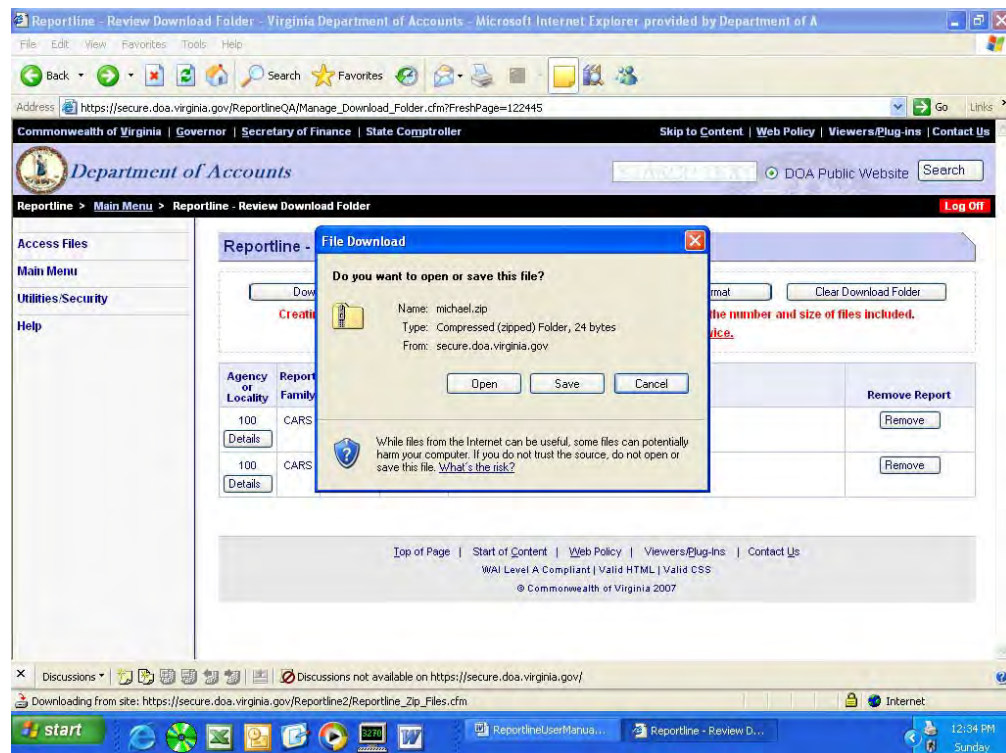

Continued on next page

Using the Download Feature to View, Print, and/or Save Multiple Reports, Continued

The **Do you want to open or save this file?** screen loads in.

Click **SAVE**.

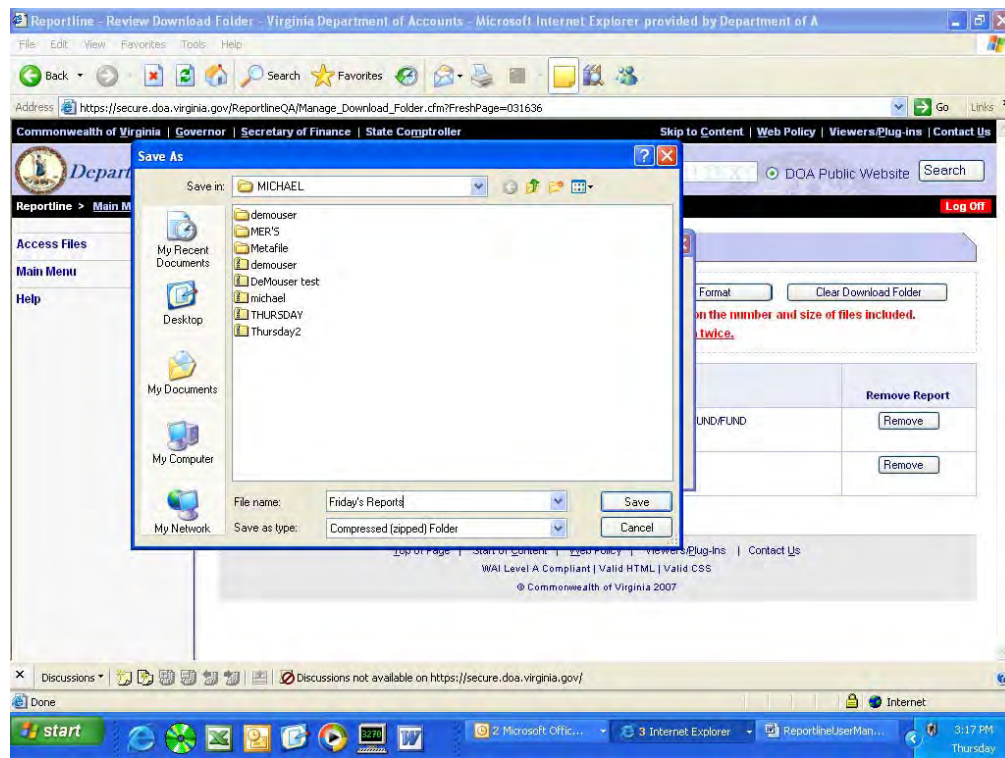

Continued on next page

Using the Download Feature to View, Print, and/or Save Multiple Reports, Continued

Save As Screen Before you download reports, establish a PC File Folder location for your selected, downloaded reports to load into. Note the name of its location. If you do not, the system places downloaded reports into a system-selected location you might find difficult to locate.

Contact your Information Technology staff to guide you if needed to create a file folder location on your PC.

Enter the file location where you want your downloaded, compressed reports stored.

How to Unzip Your Saved Reports

Locate your file folder containing your zipped reports.

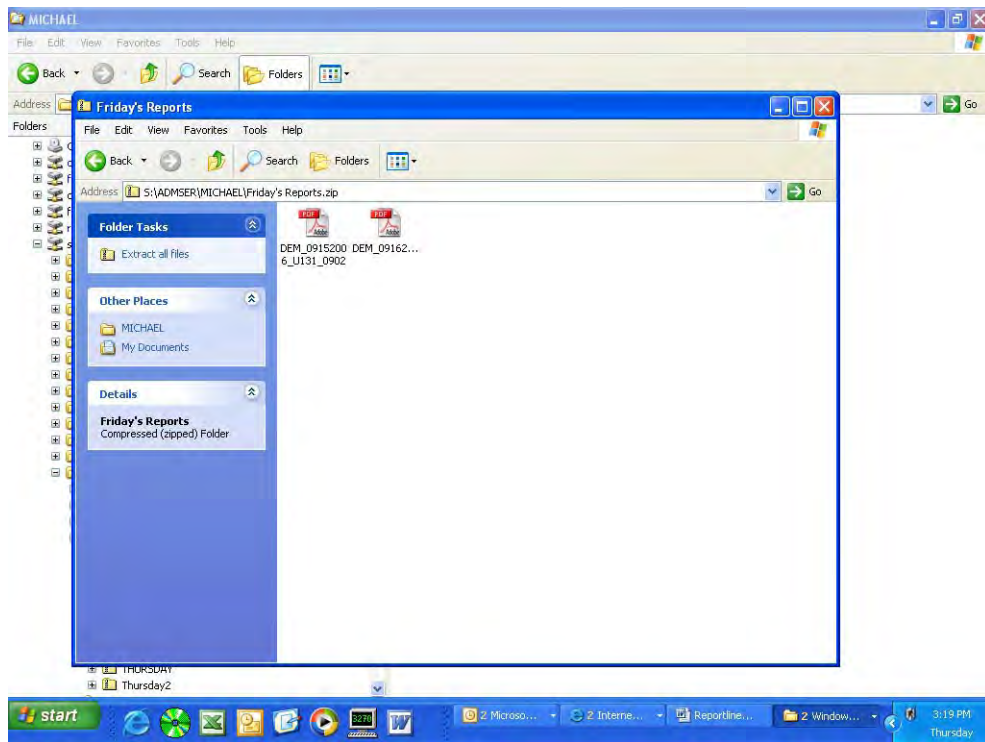

Use EXPLORE if needed to locate your file folder. Note that the file folder is a zipped folder and the icon appears like a file folder with a zipper across the middle.

Continued on next page

Using the Download Feature to View, Print, and/or Save Multiple Reports, Continued

Double-click on the zipped folder to open it to show its contents. You will have the FOLDER TASKS column at the left.

Continued on next page

Using the Download Feature to View, Print, and/or Save Multiple Reports, Continued

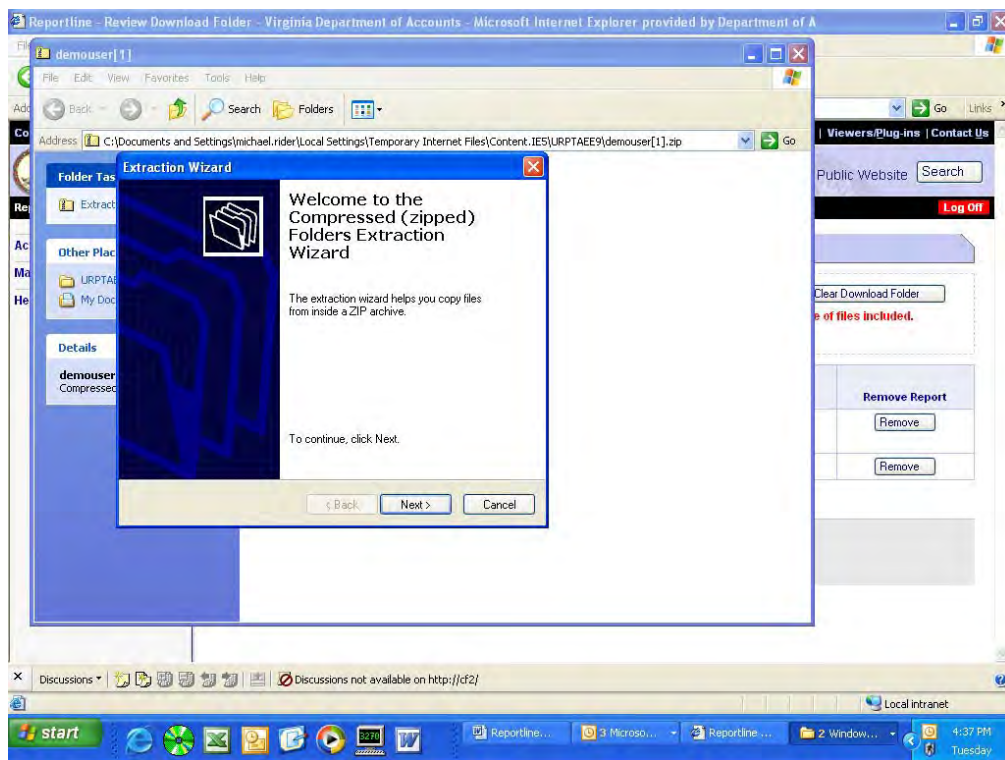

Extracting All Files

At the left-side, top column you will see the Folder Tasks heading.

Click: **Extract all files**

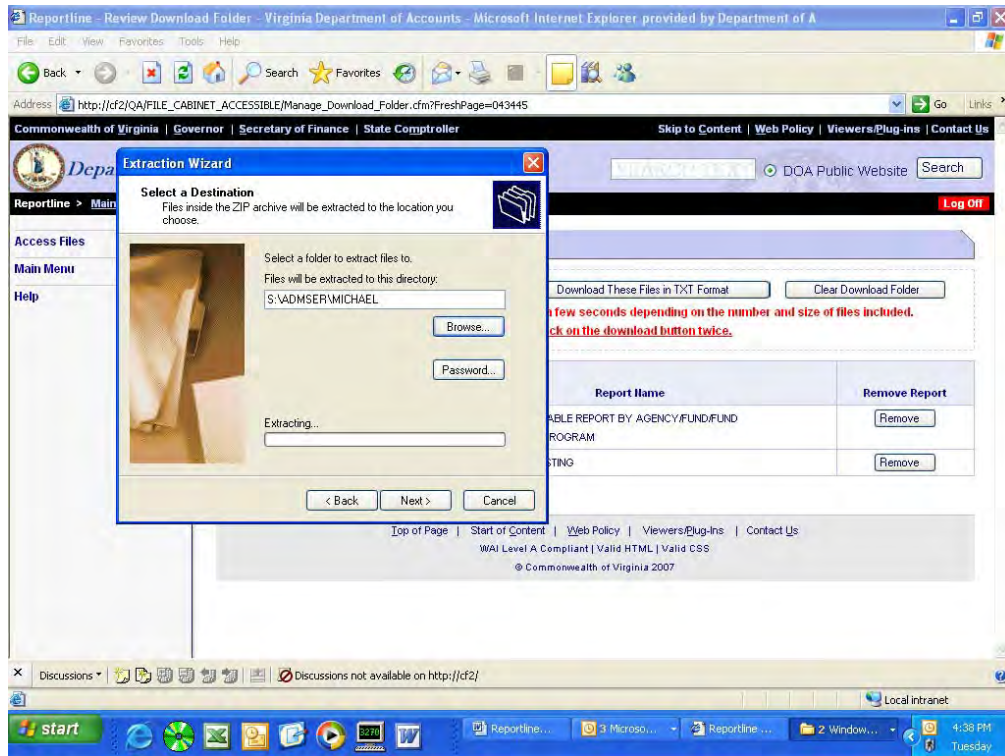

These procedures assume you have XP 2000 or comparable Extraction Wizard software. If not, follow your own extraction software steps to unzip the Reportline reports.

In this screen example, the Windows XP 2000 Extraction Wizard loads in.

When You Highlight a Report Name

When you highlight a PDF file at this screen, the **DETAILS** box opens in the left-hand column at the bottom of the screen. It shows you an image of the report's first page, along with report identification data.

The **File and Folder Tasks** box expands to allow you to perform the following file tasks:

1. Rename
2. Move
3. Copy
4. Publish the file to the web
5. E-mail
6. **PRINT** [directly to your desktop printer without opening to view the file]
7. Delete

Printing Multiple Reports

When the extraction has unzipped your report files and the report names appear on the screen, **highlight all reports** you want to print.

Use your SHIFT key in combination with mouse's left-sided button to select multiple reports to be highlighted.

Ensure your cursor is on one of the file names before you right click your mouse's right-sided button to get the PRINT task option.

Click **PRINT** to route your reports to your local printer without the reports opening.

How to Set Up Your Printer

to Duplex (Two-Sided) Print

Duplex Printer Capability Restricted by Printer	<p>You can only print duplex (two-sided) if your printer offers duplex printing.</p> <p>For assistance with your printer to 1) determine if your printer can print duplex and 2) set the printer default to duplex printing for all documents, contact your IT staff for assistance.</p>

Personal Options Page

View Personal Options

The Personal Options screen allows you to view your existing information regarding—

- User ID
- Password (the actual password is not displayed, but an * indicates it does exist.)
- Email Address 1
- Email Address 2
- Challenge Question 1
- Challenge Question 2
- Hint (to help in remembering current password.)
- Date Password Changed—reflects last date your password was altered.
- Date Last Updated

Date Examples

The DATE LAST UPDATED field is the date the security record was last updated and DATE PASSWORD CHANGED is when password was changed. For example, a password could be changed on 6/1/2010 and then on 6/16/2010 the e-mail address is changed. In this case, DATE LAST UPDATED would be 6/16/2010 and DATE PASSWORD CHANGED would be 6/1/2010.
