## Overview

---

### Introduction

The intent of these regulations is to provide general rules and guidelines as well as specific limitations for agencies when reimbursing personnel for relocating their household to accommodate the Commonwealth. The regulations are to assist agencies in moving and relocating employees and their families as expeditiously as possible and at a fair and reasonable cost to the Commonwealth.

## Policy

### Agency Election

If an agency elects to provide moving and relocation reimbursement, it must do so within the maximum limitations and restrictions provided herein.

**No agency is required by these regulations to provide such reimbursement for moving and relocation expenses, and may restrict the amount provided to a lesser sum than the maximum allowed, either in total or by category.**

Due to financial and fiscal constraints and other agency personnel considerations, each agency is authorized to supplement these regulations provided that the *Reimbursement Limitations* (shown below) are not exceeded. Such supplements must not constitute deviation from provisions of the reimbursement guidelines established by the Comptroller pursuant to Section 2.2-1822 of the Code of Virginia.

### IRS Regulation Compliance

It is the agency's responsibility to comply with Internal Revenue Service (IRS) regulations. All moving and relocation reimbursements must be included in the employee's gross income on the Federal W-2 form with the exceptions of:

- Moving household goods and personal effects.
- Temporary in-transit storage.
- Traveling to the new place of residence.

Refer to CAPP Topic No. 50515, *Special Payments*, for answers to questions concerning reimbursement through payroll.

Adherence to IRS moving and relocation regulations for income reporting and tax deduction and reporting applies to all agencies, even when non-State (local) funds are used. (See *IRS Reporting*, Pages 35-36.)

### Regulation Application

These regulations apply to almost all agencies, institutions, positions, and employees of the Commonwealth. There are two exceptions to these regulations:

- Those not qualifying for moving and relocation reimbursement (hourly or daily paid employees) and
- Those exempted specifically by Order of the Governor or by Acts of the General Assembly.

All reimbursements exempt from these regulations require supporting documentation included with their reimbursement request.

### Test of Public Review

Discretion is required at all times when incurring and reporting expenditures of public funds. State employees are always expected to exercise prudent judgment and expenditures must sustain the test of public review. These regulations must be applied in an equitable and competitive manner.

However, professional judgment may be required when applying these regulations to individual situations to ensure equitable, accurate, and competitive reimbursements. All reimbursement expenditures must be thoroughly documented, carefully reviewed, and properly approved before reimbursing the employee.

---

### Reimbursement Basis Only

Moving and relocation expenses must be paid on a reimbursement basis.

All reimbursements, except common carrier or temporary storage, must be processed through the Commonwealth Integrated Payroll/Personnel System, CIPPS.

**Reimbursements through other processes, are not allowed.**

## Reimbursement Limitations

### Expenses Incurred and Supported

Any expenditure to be reimbursed must be:

- Reasonable
- Necessary
- Incurred after the employee executes an employment tenure agreement (see *Employment Tenure Agreement* below) and
- Reported to the Agency Head or designee within twelve (12) months of the date the employee starts work at the new location.

### Reimbursement Dollar Limit

The total dollar limit for reimbursement for all expenses other than for transportation and storage of household goods is **\$11,000**.

A maximum limit is not placed on expense reimbursement or costs related to use of a common carrier for transportation and storage. However, these expenses must be reasonable and necessary.

This includes all reimbursements, including actual reimbursements received by the employee and payments to third parties on behalf of the employee, **including necessary employer payroll taxes paid** related to these reimbursements.

#### Example

If total actual allowable moving costs totaled \$12,000, the employee will be reimbursed \$10,218.30 less the employee withholdings. The \$10,218.30 reimbursed portion is derived as follows:

This reimbursable amount is the \$11,000 maximum minus the employer FICA tax. The current rate is 7.65% which calculates to \$781.70 (7.65 % of \$10,218.30). The amount remaining for direct reimbursement to the employee is \$10,218.30 (11,000 - 781.70 = 10,218.30) **less the employee withholdings** for Federal and State income taxes and employee FICA.

## Reimbursement Limitations, Continued

### Travel

Travel related to moving and relocation is eligible for reimbursement according to CAPP – Cardinal Topic 20335, *State Travel Regulations* and is limited to:

- Trips for actual house-hunting (house-hunting must occur prior to first day of work), including automobile rental (see *House-Hunting Expenses*);
- The initial trip (employee’s move to new residence), after employment to the new duty station; and,
- The trip to bring the family to the new residence (temporary or permanent).

Travel reimbursement does not include automobile rental except for house hunting purposes.

### Mileage

Reimbursement for mileage may not exceed the mileage rate established in the current Appropriation Act in effect at the time of travel. All mileage reimbursements over the amount allowed by IRS, as a moving expense deduction are taxable. (See self-moving mileage in *Expenses for Relocating Household Goods and Personal Effects*)

### Employee’s Spouse Is State Employee

If the employee's spouse is a State employee and otherwise eligible for moving and relocation expenses, reimbursement of any such expenses will be paid to only one employee within the limits prescribed and only to move the primary household to the new location.

### Agency Funding

All moving and relocation expense reimbursements and related taxes, if any, must be funded from the employing agency's budget.

### Pre-Employment Expenses

Expenditures for travel, testing, interviewing, and related activities incurred by or for a prospective employee before accepting an employment offer are *pre-employment expenses* and not moving and relocation expenses.

Prospective employees may be reimbursed by an agency for interview travel expenses. Such pre-employment expenses will be reimbursed in accordance with CAPP – Cardinal Topic No. 20335, *State Travel Regulations*.

- **Lodging**

Travel expenses for house hunting purposes are eligible for reimbursement in accordance with CAPP – Cardinal Topic No. 20335, *State Travel Regulations*. Note the variation of meals above.

The number of reimbursable trips for house hunting purposes is limited to three (3) trips for the employee and three (3) trips for the spouse. Trips taken together (employee and spouse) equal two trips.

The maximum number of reimbursable lodging nights is fifteen (15). A night of combined lodging for both the employee and spouse counts as one night.

---

### Temporary Quarters

Reimbursement for reasonable **lodging** or rent may be claimed for a period of ninety (90) days from the first day of work at the new location.

Reasonable **residential parking fees** will be reimbursed during the 90 days of temporary quarters.

Expenses for **meals** may be claimed for the first thirty (30) days of residence in temporary quarters. Actual meal costs are not to exceed the Meal and Incidental Expense (M+IE) Rate.

---

**Home Sale** Actual expenses of real estate commissions on the sale of the former principal residence and those customary closing and legal costs incurred in the sale of that residence, as listed below, are reimbursable.

A copy of the *Closing Statement*, signed by the closing attorney, the realtor, or the seller, must be included as supportive documentation when requesting reimbursement.

---

**Home Sale Expenses Reimbursable** The following expenses related to the sale of the principal residence due to moving and relocation are reimbursable:

- Actual expense of real estate commission;
- Attorney fees;
- Escrow fees;
- State or local transfer taxes; and,
- Pest inspections.

---

**Home Sale Expenses NOT Reimbursable** The following expenses are not reimbursable:

- Sales commissions and similar expenses if the employee acts as a selling agent (closing and legal costs are allowed);
- Advertising and "Fix-up" costs;
- Loss sustained on sale of residence;
- Real estate and capital gains taxes;
- Payment and repayment of interest;
- Points or loan payment charges that are negotiable;
- "Carrying" costs (maintenance fees, utilities, principal, etc.);
- Mortgage penalties; and,
- Buyer's closing costs, including Virginia fees.

---

**Cancellation of Lease** The settlement of a lease in the former residence is reimbursable if the settlement is due to moving and relocation.

## Expenses for Relocating Household Goods and Personal Effects

---

### Common Carrier

The actual costs paid for common carrier transportation of the employee's household goods and personal effects from the former principal residence to the residence at the new work location are reimbursable. Tips and gratuities to common carriers or their employees are **not** reimbursable.

If the employee uses common carrier transportation, the amount of actual costs is allowed in addition to the \$11,000 limitation (minus employer FICA tax) (See *Reimbursement Limitations*).

The employee is responsible for consulting with the employing agency's procurement department to determine the required number of bids in accordance with current Virginia Public Procurement regulations.

Copies of the required bids should be provided to the agency prior to a formal commitment to utilize the common carrier. The bid(s) should be attached to the *Employee Moving and Relocation Expense Information* form when the invoice is submitted for payment.

When at all possible, the employee should utilize a common carrier based in Virginia. When outside of the Commonwealth of Virginia, employees should contact Virginia common carriers to inquire if they are able to match bids submitted by out-of-state firms.

### Self-Moving

If the employee chooses to move himself/herself, the amount of the actual costs incurred will be included in the \$11,000 limitation (minus employer FICA tax) (See *Reimbursement Limitation*). All costs must be actually incurred by the employee.

#### • MOVING VEHICLE RENTAL

Moving van, truck, trailer, hand truck, or other appropriate moving equipment, vehicles, and supplies are reimbursable with rental company receipt. Purchase of such a vehicle or equipment is not reimbursable. The purchase of moving supplies, such as packing paper, boxes or cartons, may be reimbursed with appropriate receipts. The amount of such purchases must not exceed \$200. Fuel used by a rental truck during the move is reimbursable with proper receipts.

#### • LABOR USED DURING THE MOVE

Reimbursement is limited to a reasonable hourly wage. The maximum reimbursement for all labor is \$250. Labor provided by the employee or immediate family member(s) is not reimbursable. A receipt from the individual employed, with amount paid and a signature, must be attached to the reimbursement request.

#### • MILEAGE

If a personally-owned or borrowed moving vehicle is used in the move, reimbursement will be allowed at the mileage rate specified in the current Appropriation Act, provided that the number of miles is recorded on the voucher.

All mileage reimbursements over the amount allowed by IRS as a deduction are taxable. Example: For Calendar Year 2015, the IRS per mile rate for mileage reimbursement for travel is 57.5 cents and the allowable moving deduction per mile is 23 cents; therefore, 34.5 cents per mile would be reported as taxable income. Reimbursement will not be allowed to cover the "rental value" of the personally-owned vehicle.

A car or truck with a trailer in tow will also be reimbursed at the mileage rate specified in the current Appropriation Act.

---

**Storage Expense**

A maximum of thirty (30) days temporary (in-transit) storage of household goods is reimbursable if the employee cannot move directly into the new residence.

Storage reimbursements are **not** included in the \$11,000 limitation (minus Employer FICA tax) (see *Reimbursement Limitations*)

**Closing Within 12 Months** For expenses related to a home purchase to be considered for reimbursement, the replacement (closing) of the prior primary residence must be accomplished within twelve (12) months after the official starting date of employment.

Extenuating circumstances, that result in the twelve (12) month period expiring prior to the purchase (closing) of a replacement home, may be approved by the Agency head or designee for up to an additional 12 months. Extension requests after this period may be presented to the State Comptroller for consideration.

**Tenure Agreement’s Stipulation** The tenure agreement must stipulate that the employee must **remain employed on a regular, full-time basis in State service for at least one year**, commencing upon the date when the employee starts work at the new location.

**Early Employee Termination** The following table illustrates reimbursable situations when early-employee termination occurs.

<b>If the ...</b>	<b>Then the ...</b>
<b>Employee</b> terminates State employment before the obligated one year of service	<b>Employee</b> refunds to the Commonwealth a <i>pro-rated</i> amount of the gross amount of moving and relocation reimbursements. In this situation, actual reimbursements received by employee and paid to third parties on the employee’s behalf and all taxes deducted that relate to these reimbursements are <i>pro-rated based upon the time employed</i> .
<b>Agency</b> required the relocation	<b>Employee</b> is not required to make a repayment of expenses.

### Agreement for Each Move

The employee must sign a separate Employment Tenure Agreement for each move for which the employee is eligible for moving and relocation expense reimbursement.

If the employee is transferred to another work location in the State service before the period covered by the Tenure Agreement has elapsed, a new Tenure Agreement for twelve (12) months must be executed.

All Tenure Agreements terminate twelve (12) months after the related employment date. Therefore, an employee does not have to complete a twelve (12) month Tenure Agreement before a second agreement begins.

---

### Exceptions

Replacement of existing Tenure Agreements are at the option of the applicable agency.

3. The Employee further agrees that in the event the Employee does not remain in the employ of the Department as a full-time employee for the full twelve-month period, the Employee will repay to the Department a *pro-rated amount of the* gross reimbursement for moving and relocation expenses, including actual money plus related payroll taxes withheld by the Department, whether received directly by the Employee or paid to third parties on the Employee's behalf. The amount to be repaid shall be prorated on a monthly basis such that for each full month during which the Employee remained in the employ of the Department, the amount to be repaid shall be reduced by one-twelfth (1/12) of the gross reimbursement. The Department, in its sole discretion and with the recommendation of the Agency Head, may waive repayment if the Employee is separated for reasons beyond the Employee's control, but termination for standards of conduct violations shall not be deemed to be a reason beyond the Employee's control. Repayment will not be required if termination was at the election of the agency due to unsatisfactory job performance or as a result of a layoff.

In witness to this agreement, the parties execute their acceptance of its terms by affixing their signatures below.

## Reimbursement Processing Policy

### Special Payment Process

Reimbursement to an employee for moving and relocation expenses may not be made through Cardinal. Instead, reimbursements made directly to the employee must be made through the State payroll's special payment process. Procedures for this process are located in CAPP Topic No. 50515, *Special Payments*.

### Lodging, Meals, & Mileage

Reimbursement for lodging, meals, and mileage must be actual, reasonable, necessary, and within the guidelines of CAPP – Cardinal Topic No. 20335, *State Travel Regulations*, where applicable. Meal reimbursements are for actual costs (receipt required) not to exceed the applicable M&IE individual meal cost for the location.

As an aid to documentation, an Employee Travel Authorization and Expense Report must be used to itemize expenses and then be attached to the payroll submission as supporting documentation. Also, all supporting original documents must be included. **This Employee Travel Authorization and Expense Report may not be submitted as a voucher for payment in Cardinal – it is for documentation only.**

### Reimbursement Forms

A copy of the **DA-02-182, *Moving and Relocation Expense Summary***, must be properly completed and attached, along with required receipts and detailed back-up, to the back of each special payroll being submitted. (See form sample below.)

Third-party payments on the Cardinal Voucher Form or using the Small Purchases Charge Card may only be made to common carriers for transportation of the employee's household goods. Also, temporary storage of employee's household goods up to thirty (30) days can be paid this way.

No other third-party payments can be made for moving and relocation expenses. A copy of the **DA-02-182, *Moving and Relocation Expense Summary***, must be properly completed and attached, along with required invoices, to the back of each submitted voucher. Follow your agency's normal payroll adjustment procedures.

### • Breach of Tenure Agreement

If the employee does not fulfill the twelve-month employment term specified by the tenure agreement, the total gross amount of reimbursements received by the employee and paid to third parties on behalf of the employee, plus all taxes deducted that relate to those reimbursements must be refunded on a pro-rated basis as stipulated in the *Tenure Agreement*.

Under these circumstances, the employee's gross income for tax purposes will be adjusted by the agency for the total amount refunded to the agency.

### Agency Responsibilities

#### • Reimbursement Processing

The hiring agency reviews, approves, and properly files all vouchers and invoices claiming reimbursement or payment of moving and relocation expenses subject to these regulations and pursuant to the *Code of Virginia, Sections 2.2-815 and 2.2-2824*.

Cardinal may not be used for moving and relocation expense reimbursements. However, the forms may be required as a method of documenting travel related expenses only.

#### • Employee Reimbursement Eligibility

Agency management must be able to substantiate the reimbursement eligibility of a new employee as a condition of employment and must retain copies of binding employment tenure and other agreements for all eligible employees.

If an employee does not satisfy the terms of the tenure agreement, the agency must collect a *pro-rated amount* of all moving and relocation reimbursements made to that employee unless proper approval has been granted to prorate or waive repayment. This includes all reimbursement paid to the employee and third parties on behalf of the employee plus all taxes deducted that relate to those reimbursements. The employee's gross income must then be adjusted to reflect the total amount received by the agency.

- **Direct Payments To Third Parties**

Payments to common carriers (commercial moving companies) for actual carrier transportation and/or up to thirty (30) days' storage can be made by the agency through a Voucher or using the Small Purchases Charge Card.

No other third-party payments may be made for moving and relocation expenses. All other payments must be made directly through the payroll process.

- **Tax Withholding & Reporting**

Each agency must take steps to account for moving and relocation expense reimbursements and payments to meet both employer withholding and employee reporting of gross income and applicable payroll taxes as defined by the Internal Revenue Service.

## IRS Reporting

---

**Introduction** Qualified moving expense reimbursements under Federal guidelines should not be included in an employee’s gross income.

Other “non-qualified” relocation reimbursements are included in the employee’s gross income and reported on their W-2 Wage and Tax Statement as required by Federal and State laws.

Each employee is ultimately responsible for the proper reporting and tax treatment of any reimbursements to the IRS for each tax year.

---

**Qualified Moving Expenses** The following information provides general guidance on the possible tax treatment of the reimbursements/payments received as a result of relocation. It is recommended that the employee consult a tax advisor or devote personal time to a detailed review of tax regulations to determine the effect upon personal income tax liability. Additionally, IRS publication 521, *Moving Expenses*, is available upon request from the IRS.

Qualified moving expenses are defined as the reasonable costs of

- (1) moving household goods and personal effects from the former residence to the new residence which includes common carrier and in-transit storage expenses (30 day maximum), and
- (2) travel – including lodging during the period of travel – from the former residence to the new place of residence.

Qualified moving expenses **do not** include any expenses for meals.

---

**Non-Qualified Moving Expenses** The following costs do not constitute qualified moving expenses under Federal guidelines:

- Pre-move house hunting trips
- Temporary living expenses in the general location of the new job and,
- Selling or settling an un-expired lease on the former residence or the cost of buying a new residence.

---

Qualified moving expenses **are excludable** from gross income and wages for income and employment tax purposes to the extent paid for by the agency or institution. **The reimbursement of expenses which do not constitute qualified moving expenses reimbursements under the IRS guidelines must be added to the employee's income as taxable income with the appropriate Federal and State income taxes withheld.**
