Overview

Introduction

Once the user has logged into the FAACS system, various FAACS tables can be viewed on line. The tables are accessed through the “**FAACS Tables**” option on the Main Menu. The FAACS tables that may be viewed are:

- Data element table
- Error message table
- Federal cost category table
- Funding source table
- Nomenclature table

Users may not make changes to the tables. This function is reserved for DOA only.

Nomenclature Code Table

The Nomenclature Code Table provides a listing of all nomenclature codes available for use in FAACS. This is a very large table and is difficult to scroll but can be downloaded using Excel by clicking on the XLS button. Note: When the XLS feature is used leading zeros are dropped from the download. DOA maintains a copy of the Nomenclature Table with the leading zeros included. This is available to users upon request.
