

Comptroller's Directive No. 1-17
Attachment 15
Federal Schedules

Purpose

This attachment is used to provide DOA with the Federal Schedules needed to prepare the statewide **Schedule of Expenditures of Federal Awards (SEFA)** for the Single Audit Report.

The Single Audit Report is required for compliance with the Single Audit Act Amendments of 1996 and the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, located in Title 2 of the Code of Federal Regulations (Uniform Guidance) at https://www.ecfr.gov/cgi-bin/text-idx?tpl=/ecfrbrowse/Title02/2cfr200_main_02.tpl

It is imperative that agency personnel thoroughly review the uniform guidance to ensure an understanding of the agency's specific responsibilities. Agencies will also need to ensure that the appropriate federal guidance is applied to each specific federal award. Further, the agency should communicate the applicable requirements to subrecipients.

This attachment is similar to prior year Attachment 15.

Applicable agencies and requirements

All agencies must submit the Attachment 15 Questionnaire file to DOA to:

- certify **whether** or **not** the agency received or disbursed Federal funds;
- provide information related to loan programs;
- provide information for disbursements to subrecipients;
- indicate whether or not the auditee elected to use the 10% de minimis indirect cost rate; and
- certify other identifying numbers assigned by the pass-through entity have been provided on the DISBURSED TO NONSTATE and/or RECEIVED FROM NONSTATE tabs of the Federal Schedules template.

Each agency receiving or disbursing federal funds must report its DUNS number as well as its EIN on the Attachment file. DUNS number information is available at <https://www.sba.gov/federal-contracting/contracting-guide/basic-requirements>. For questions regarding DUNS numbers, contact Penny Williams at (804) 225-3804 or by e-mail at penny.williams@doa.virginia.gov.

If the agency received or disbursed Federal funds in FY 2017, the agency is **REQUIRED TO USE** the templates in the files listed below.

- Template – used to prepare the applicable federal schedules
- Footnotes – used to prepare the applicable federal footnotes
- Reconciliation – used to reconcile the Schedule of Expenditures of Federal Awards to Cardinal and, if applicable, the financial statement template

Exception: Legislative branch agencies only need to complete the Attachment file certifying whether or not the agency received or disbursed Federal funds in FY 2017. No additional information is required.

Questions and training

If the agency has any further questions about preparing the Federal schedules or needs detailed training, contact Penny Williams at (804) 225-3804 or e-mail at penny.williams@doa.virginia.gov.

For additional information, refer to the online training available in the Learning Center at: <https://covlc.virginia.gov>. Click on the “Training Catalog” link. Search using the keyword “Directive” and then click the course reference link. If your agency is not yet a member of the Learning Center, please contact DOA. A hard copy of the training slides can be provided to your agency.

Certification

The **Certification** tab requires all preparers and reviewers to type their name on this form. Please note that there should be a segregation of duties; therefore, the preparer and the reviewer should not be the same individual for any tab. **By typing a name, the preparer is certifying that all of the questions have been completed and are accurate; the reviewer is certifying that the attachment has been reviewed and is complete and accurate; the preparer and reviewer were not the same individual for any tab; and the preparer and reviewer have read and understood the instructions for the attachment. If agency staffing does not allow for a different preparer and reviewer, please contact DOA.**

Submission requirements/ templates

Contact DOA if the agency has any problems with the files.

After downloading the files, rename the files using the agency number followed by the identifying file name. For example, agency 151 should rename the Attachment file, Template file, Footnote file, and Reconciliation file as follows:

Note: **DO NOT** rename the tab names in the Excel files. Save the attachments with the following document names prior to submission.

151Att15questionnaire.xlsx* (Questionnaire File)

151Att15federal_schedules.xlsm* (Template File)

151Att15footnote.xlsx* (Footnote File)

151Att15recon-agy.xlsx* (Reconciliation File)

DOA will not accept any Federal schedules that are not in the formats required by this Directive. Agencies that fail to use the required formats will be asked to resubmit the schedules to DOA and may be cited for noncompliance in the Report on Statewide Financial Management and Compliance (Quarterly Report).

Submit the files electronically to finrept-agyvatt@doa.virginia.gov.

Please include **Agency Number** and **Attachment Number** in the **subject line** of the submission e-mail.

Copy the APA via e-mail to: APAFinRept@apa.virginia.gov.

Do **not** submit paper copies of the attachment.

***Note:** If the agency has an earlier version of Excel and has problems opening the attachment files, DOA can provide the attachment saved in an earlier version of Excel (.xls).

**Attachment
revisions**

If attachment revisions are made subsequent to DOA acknowledgement of receipt and acceptance of the original attachment submission, **resubmit the revised attachment AND complete the Revision Control Log tab in the attachment Excel file.**

Enter the revision date, applicable Excel file tab name, row number and column letter revised, and the previous and revised information. Document text changes and numerical changes. Only enter changes for amounts actually keyed. For example, if a non-keyed, calculated total changes as a result of the revision, this does not need to be documented on the Revision Control Log.

If the attachment is revised more than once, do not delete control log revision information from the previous revision. Enter the new revision date and the additional revisions in the rows following the initial revision rows. This log should document all revisions from the initial attachment submission.

Entities that believe revisions are necessary to the federal schedules after the initial submission to DOA must contact Penny Williams **BEFORE** sending the revisions to DOA. See the Questions section below for contact information.

Include “**REVISED – date**” in the **subject line** of the submission e-mail as well as in the **file name**. Resubmit the revised attachment; and ensure that the **Revision Control Log** tab has been completed.

Each time a revision is submitted the **Certification** tab should be updated with new signatures and dates. **Also, the filenames and subject line of the e-mail for the revisions should include the word “REVISED” and the date of the revision.**

**Resolution of
prior year
findings**

Agencies are required to provide corrective action work plans (CAW) in response to Auditor of Public Accounts published reports pursuant to CAPP Topic No. 10205, Agency Response to APA Audit, at http://www.doa.virginia.gov/reference/CAPP/CAPP_Topics_Cardinal/10205.pdf

These CAWs are the basis of the resolution of prior year findings. Direct questions to Bobby Eddleton, Assistant Director – Capital Assets and Federal Reporting, at bobby.eddleton@doa.virginia.gov.

**Federal
schedules.xlsm
template**

The federal schedules.xlsm workbook includes seven tabs within the workbook. The first six tabs contain different federal schedules and the fluctuation analysis from prior year amounts and the seventh tab is the revision control log. The tabs are located at the bottom of the screen. Clicking once on the desired tab will allow navigation to a specific federal schedule. An overview of the seven tabs and what should be reported on each tab is discussed in the next section.

Within the six tabs of the federal schedules workbook there will be a column labeled with the symbol @ which will be used to identify Research and Development (R&D) federal expenditures.

An error message will appear if you attempt to enter anything in this column other than the symbol indicated above. A blank cell indicates Non-R&D federal expenditures.

Build America Bonds (BABs) Fund subsidies recorded in Cardinal fund 1302X are excluded from SEFA reporting per OMB.

All National Science Foundation (NSF) awards should be reported as R&D clusters on the SEFA. Due to the transition period required to expend all previous awards, institutions must evaluate all NSF expenditures to determine whether the disbursements require inclusion as an R&D cluster or should be reported separately.

**Federal

Note: Agencies are required to report amounts related to unknown Catalog of Federal Domestic Assistance (CFDA) numbers on the appropriate tab(s). For amounts with unknown CFDA numbers, agencies are required to report the federal program name and other identifying number (such as the contract number) in each tab. Agencies are to combine any unknown CFDA numbers, program names, or contract numbers that are identical. Separate lines are only allowed if the CFDA number is unknown, not identical, or both R&D and non-R&D expenditures exist. It is expected that this column will primarily be used for subrecipient and pass-through entities. Agencies must perform reasonable steps to determine the actual CFDA number before electing to report any amounts with unknown CFDA numbers.

Note: **A new column has been added to the DISBURSED TO NONSTATE AND RECEIVED FROM NONSTATE tabs. Agencies should report any other identifying numbers assigned by the pass-through entity in this column. Agencies should contact the disbursing entity to determine the other identifying number(s) before leaving the column blank. If there are multiple other identifying numbers, report each number in this column, separated by a slash (/). Do not use this column to report identifying numbers assigned by the federal grantor agency.**

At a minimum, agencies must contact the disbursing entity to determine the actual CFDA number before entering amounts without known CFDA numbers. Agencies should make every effort to include any contract numbers, if applicable. If an unknown CFDA number is used, you must provide a program name and an identifying number associated with the grant. You will be contacted by DOA if an identifier is not supplied. This is a Federal Audit Clearinghouse (FAC) and Uniform Guidance requirement. Agencies failing to perform this minimum level of due diligence for amounts without actual CFDA numbers, may be cited for noncompliance in the *Report on Statewide Financial Management and Compliance (Quarterly Report)*.

**Overview of
federal
schedules**

All Federal expenditures, **excluding** BABs recorded in Cardinal fund 1302X and expenditures reported on the **RECEIVED FROM NONSTATE** tab, made from funds received directly from the Federal Government and federal expenditures/disbursements reported on all other tabs should be reported on the **SEFA** tab. **This distinction is made because expenditures reported on the RECEIVED FROM NONSTATE tab are classified as “Pass-Through Entity Award Expenditures” in the Statewide report and all other expenditures/disbursements are classified as “Direct Award Expenditures.”**

Therefore, federal expenditures and/or disbursements reported on the **SEFA** tab plus the total federal expenditures and/or disbursements reported on the **RECEIVED FROM NONSTATE** tab should equal total federal expenditures for the agency. The individual tabs are discussed below:

1. **RECEIVED FROM STATE** tab – Pass-through funds received from other state agencies/institutions should be reported on this tab. **ANY EXPENDITURE MADE FROM THESE FUNDS SHOULD BE INCLUDED ON THE SEFA TAB.**
2. **RECEIVED FROM NONSTATE** tab – Pass-through funds received from Non-state entities (**See definition of Non-state entities on page 11**) and expenditures made from the funds received should be reported on this tab. **EXPENDITURE AMOUNTS REPORTED ON THE RECEIVED FROM NONSTATE TAB SHOULD NOT BE INCLUDED ON THE SEFA TAB.**
3. **DISBURSED TO STATE** tab – Pass-through funds disbursed to other state agencies/institutions should be reported on this tab. **THESE DISBURSEMENTS SHOULD BE INCLUDED ON THE SEFA TAB.**

4. **DISBURSED TO NONSTATE** tab – Pass-through funds disbursed to non-state entities (**See definition of Non-state entities on page 11**) should be reported on this tab. **THESE DISBURSEMENTS SHOULD BE INCLUDED ON THE SEFA TAB.**
 5. **SEFA** tab – All expenditures/disbursements made by the agency/institution, **except for expenditures reported on the RECEIVED FROM NONSTATE tab**, should be included on this tab.
 6. **FLUCTUATION ANALYSIS** tab – This tab provides a comparison of the prior year's SEFA tab to the current year's SEFA tab to identify any differences by major federal agency and requires an explanation whenever any differences are identified with a “YES” in the “Significant Variance” column.
 7. **REVISION CONTROL LOG tab** – All revisions should be listed on this tab.
-

Important Items-General

- Use the **cash basis** of accounting.
 - All attachment files **are designed so that you only need to fill in the yellow highlighted cells.**
 - Enter **whole dollar amounts** in all files to prevent rounding errors.
 - **Ensure all federal expenditures are recorded in the proper federal fund in Cardinal. Ensure you have notified General Accounting if you have received BABs and activity is recorded in Cardinal fund 1302X.**
 - If N/A appears in any cell you have keyed, you have likely entered invalid data and you should recheck what has been keyed. Please do not submit schedules with N/A unless you have discussed it with DOA first.
 - **It is important to make sure you have checked the www.cfda.gov website to ensure that all CFDA numbers are valid for the current SEFA. Please pay close attention to CFDA programs that have been deleted or changed to an alternate CFDA number.**

- If the CFDA number is entered and the incorrect Federal Program Name or Federal Program Grantor Name appears on any spreadsheet, **and you have verified the CFDA number is correct by checking the www.cfda.gov website**, please contact Penny Williams at (804) 225-3804 or e-mail at penny.williams@doa.virginia.gov for assistance.
- Unknown CFDA numbers are those numbers where the Federal grantor is known but the CFDA number is unknown. You must include the first two digits of the CFDA number. (For example, 10.000 would be used if the Federal Grantor is the U.S. Department of Agriculture, but the CFDA number is unknown.)

A column titled “Program Name - Unidentified CFDA Number” is included in each tab in the Federal Schedules.xlsm file. Enter the program name (if known) followed by a dash and then enter the other identifying number (such as the contract number) in this column if N/A appears in the program name column when the actual CFDA number is unknown.

It is now a requirement as stated above to include an identifying number or award identification number if the CFDA is not known.

Note: In instances where disbursements were made from inactive CFDA numbers, provide the inactive CFDA number.

- Do not complete the “Program Name-Unidentified CFDA Number” column when the Program name is already populated on the schedules.
- When changes are made to any schedule, make sure to submit the revised certification **and, if a revision is made to the SEFA tab**, submit a revised reconciliation. Also, please ensure the revision control log is completed for any changes made to the tabs on the federal schedules.xlsm file.
- Ensure you confirm pass-through amounts received or disbursed with the receiving or disbursing agency prior to submission to DOA. The amounts reported by the disbursing or receiving agencies should be the same in most cases. Discrepancies should be discussed with DOA prior to submission. Ensure you report the appropriate amounts and the appropriate designation as research/development or non-research/development.

Note: Please ensure pass-through amounts reported on the SEFA and RECEIVED FROM NONSTATE tabs do not exceed the total direct and/or indirect amounts reported by CFDA number. Amounts provided to subrecipients are now reported on the face of the Final SEFA schedule, and pass-through amounts cannot exceed the total of direct and indirect expenditures reported. DOA will contact you if the pass-through amounts exceed the total of direct and indirect costs.

- Ensure the reconciliation ties to Cardinal for all agencies. If applicable, also ensure the reconciliation ties to the Financial Statement Template.
- **Use the @ symbol to indicate Research and Development (R&D) expenditures. No symbol is used for non-R&D expenditures.**
- Running totals are located on each spreadsheet tab.
- Do not use “-” (dashes) to represent \$0.00. You must use the number “0.”
- Do not place the number “0” on any worksheets that do not contain federal expenditure data.
- Do not leave blank rows between rows of information within the spreadsheets when keying in data.
- Do not use abbreviations or include error messages or pennies on any schedules.
- The Federal Government is **not** a **Non-state entity**. **Non-state entities** are counties, cities, towns, local governments, local governmental authorities, regional governmental authorities, public or private foundations, institutes, museums, and corporations or similar organizations which are not units of State government or political subdivisions of the Commonwealth as established by general law or special act. (**DO NOT** report disbursements to or receipts from the Federal government on the **Disbursed to Non-state Entities** and/or **Received from Non-state Entities** tabs.) Community service boards and area agencies on aging should be reported as non-state agencies for reporting purposes. These agencies are not audited by the Auditor of Public Accounts and are not considered to be state agencies.

Do not include Federal subagencies on disbursed/received from non-state tabs. Instead, ensure that all Federal award numbers or other identifying numbers are provided. Federal subagencies are listed on the following websites:

- <http://www.nih.gov/icd/>
- <http://www.nasa.gov/about/sites/index.html>
- <http://www.energy.gov/organization/labs-techcenters.htm>

- Pass-through disbursements to State or non-state entities should be reported as expenditures on the appropriate tab(s). **Do not eliminate any pass-through disbursements.** DOA eliminates pass-through transactions at a statewide level.
- Include indirect cost recoveries as expenditures on the SEFA tab.
- Refunds of Federal revenue should **not** be reported on any of the Federal Schedules.
- In those instances where pass-through funds are returned to the original granting agency, the amount should be netted (since the receiving pass-through agency did not expend them). Then, if the original agency subsequently spends those funds, it should be reported on their individual agency's SEFA and would be counted in that manner for the Commonwealth federal schedules.
- **Sort and combine grant expenditures and program income expenditures to report the total expenditures for each CFDA number on a single line.**
- Add the value of nonmonetary disbursements to the monetary expenditures to determine the total expenditures for CFDA numbers that have both monetary and nonmonetary disbursements. (Nonmonetary disbursements and ending inventory should be identified in the **Footnote Schedules.**)
- Use the hard copy or online (www.cfda.gov) version of the Catalog to verify the CFDA numbers and program names.
- **Do not use CFDA number 00.000.** Contact the entity that provided the funds to determine the correct and complete CFDA number. At a minimum, each entity is required to identify the Federal grantor agency with the first two digits of the CFDA number (i.e., 10.000, 93.000).

- *The Uniform Administrative Requirements, Cost Principles, and Audit Requirements* Section 200.87, defines research and development “as all research activities, both basic and applied, and all development activities that are performed by a non-profit organization.”
 - Research is a systematic study directed toward fuller scientific knowledge or understanding of the subject studied. Research also includes activities involving the training of individuals in research techniques where such activities utilize the same facilities as other research and development.
 - Development is the systematic use of knowledge gained from research directed toward the production of useful materials, devices, systems, or methods, including design and development of prototypes and processes.
-

**Important
Items-Pass-
through
schedules**

Do not include payments to contractors under legal obligations for the purchase of goods and services on the pass-through schedules.

The medium through which payment is rendered (ATA, check, EDI, etc.) does not determine whether the relationship is contractor or subrecipient.

A **subrecipient** is “a non-Federal entity that expends Federal awards received from a pass-through entity to carry out a Federal program, but does not include an individual that is a beneficiary of such a program. A subrecipient may also be a recipient of other Federal awards directly from a Federal awarding agency.”

A **contractor** is “a dealer, distributor, merchant, or other seller providing goods or services that are required for the conduct of a Federal program. These goods or services may be for an organization’s own use or for the use of beneficiaries of the Federal program.”

Consider the following characteristics to identify a subrecipient or contractor relationship. The AGA has provided the following worksheet to help in identifying subrecipient vs. contractor relationships:

https://www.agacgfm.org/AGA/ToolsResources/Documents/subcontractor_check_list_v6_FINAL_08-19-15_fillable.pdf

SUBRECIPIENT

- Determines who is eligible to receive Federal financial assistance.
- Has its performance measured by meeting the objectives of the Federal program.
- Has responsibility for programmatic decision making.
- Has responsibility for adherence to applicable Federal program compliance requirements.
- Uses the Federal funds to carry out a program of the organization as compared to providing goods or services for a program of the pass-through entity.

CONTRACTOR

- Provides the goods and services within normal business operations.
- Provides similar goods or services to many different purchasers.
- Operates in a competitive environment.
- Provides goods or services that are ancillary to the operation of the Federal program.
- Is not subject to compliance requirements of the Federal program.

DOA strongly encourages communication between entities exchanging Federal pass-through funds. Such communication ensures consistent reporting and reduces the time required for statewide compilation and audit. Contact Penny Williams at DOA if the agency needs assistance with identifying the Federal contacts at other agencies.

DOA will perform a variance analysis for pass-through funds received and pass-through funds disbursed among State agencies/institutions. DOA will investigate significant variances, and **State agencies/institutions will be required to explain these variances IN WRITING by a due date to be determined in future communications.**

Preparing the federal schedules.xlsm template; Fluctuation Analysis tab

Instructions for preparing the **FLUCTUATION ANALYSIS** tab are in the table below.

Step	Action
1	Click on the FLUCTUATION ANALYSIS tab. This tab will identify fluctuations in the expenditure amounts reported on the current SEFA tab compared to the prior year SEFA tab. The total SEFA dollar variance is provided in the top section of the tab.
2	In the lower portion of the tab, a fluctuation is provided for each major federal agency category between the current and prior year SEFA tab expenditure amounts. For example, 10.xxx represents all expenditures from the SEFA tab within the federal agency, U.S. Department of Agriculture. A “significant variance” is identified, whenever a “YES” is displayed in the “Significant Variance” column and requires that an explanation of the variance be provided. All SEFA amounts for the current and prior year auto-populate in the appropriate federal agency fields (10.XXX, 11.XXX, etc.). You do not need to enter any current or prior year SEFA expenditure amounts.
3	For the Variance explanation on the FLUCTUATION ANALYSIS tab, if "YES" is displayed in “Significant Variance” column, explain any significant increase or decreases in the major federal agency categories. Compare the prior year's SEFA tab to the current year's SEFA to identify any individual program differences for the major federal agency where an explanation is required. It will be helpful to have a copy of the prior and current year SEFA tab submissions to identify programs that are new or no longer being used in the current year SEFA tab submission. Include detailed CFDA #s and/or other information to explain any significant changes identified. It is not sufficient to explain that a specific CFDA had increased expenditures without providing a reason why the program expenditures increased or decreased.

4	It is important to make sure you have checked the www.cfda.gov website to ensure that all CFDA numbers are valid for the current SEFA. Please pay close attention to CFDA programs that have been deleted or changed to an alternate CFDA number.
5	Valid explanations may include that a program is no longer in use or a new program has been added in the SEFA year being reported.

Preparing the footnote.xlsx template (footnote file)

The following **Footnote Schedules** must be completed by the agencies listed.

Ensure applicable footnote totals agree to the sum of the amounts reported on the SEFA tab and the RECEIVED FROM NONSTATE tab for the applicable CFDA number. Report federal expenditures in the appropriate labeled columns on the footnote tabs. For example, the sum of the nonmonetary federal disbursement amount and the monetary federal disbursement amount reported in the Food Distributions Program footnote should agree to the sum of the amounts reported on the SEFA tab and the RECEIVED FROM NONSTATE tab for the applicable CFDA number. Prior year total and variance columns have been added to each footnote tab for comparison purposes. If there are significant variances, please email Penny Williams at penny.williams@doa.virginia.gov with an explanation.

The recon-agy.xlsx workbook includes 6 tabs with each tab representing a worksheet within the workbook. The tabs are located at the bottom of the screen. Clicking once on the desired tab will allow you to get to an individual worksheet. The reconciliation schedules and tab names are listed below.

System (Cardinal) Reconciliation	Account 609890 tab
System (Cardinal) Reconciliation	Account 609930 tab
System (Cardinal) Reconciliation	SYSTEM tab
Financial Statement Template Reconciliation	F/S Template tab

The Reconciliation of the Schedule of Expenditures of Federal Awards reconciles the federal expenditures reported on the **SEFA** tab plus the federal expenditures reported on the **RECEIVED FROM NONSTATE** tab to the amount of Federal expenditures recorded on the accounting system, which is Cardinal for most agencies.

If this Directive requires the agency to submit a **financial statement template** that includes Federal funds, the agency must also prepare a formal reconciliation of the **Schedule of Expenditures of Federal Awards** to the amount reported on the financial statement template.

Incomplete or improper **Reconciliations of the Schedule of Expenditures of Federal Awards** will be returned to the agencies. [These agencies will be asked to resubmit the reconciliations and may be cited for noncompliance in the Report on Statewide Financial Management and Compliance \(Quarterly Report\).](#)
