Parties tabs**

GASBS No. 62, Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements, modified the definition of a related party to incorporate relationships with related organizations, joint ventures, and jointly governed organizations. The **Related Parties-HEI** tab is to provide information regarding related organizations, joint ventures, jointly governed organizations, and any other party if either the HEI* or the other party can significantly influence the management or operating policies of the other. (Note: This excludes any foundation/entity** that is reported as a discrete component unit of the institution). The **Related Parties-Foundations** tab is to provide information regarding related organizations, joint ventures, jointly governed organizations, and any other party if either the foundations/entities** or the other party can significantly influence the management or operating policies of the other.

Note*: "HEI" includes the higher education institution and any blended component units.

Note**: "Foundations/entities" include foundations/entities expected to be included in the Attachment HE-10, Financial Statement Template, as a discrete component unit of the HEI.

See definitions for related organizations, joint ventures, and jointly governed organizations in the next section.

definitions**

Related organization: Related organizations are identified as a related organization because the primary government* appoints a voting majority of the board; however, it is not considered a component unit of the primary government because there is no financial benefit/burden relationship and the primary government is unable to impose its will on the organization as defined in GASBS No. 14. (Note*: The HEI is considered the primary government when completing the Related Parties-HEI tab. The foundations/entities are considered the primary government when completing the Related Parties-Foundations tab.)

Joint venture: GASBS No. 14 defines a joint venture as a legal entity or other organization that results from a contractual arrangement and that is owned, operated, or governed by two or more participants as a separate and specific activity subject to joint control, in which participants retain (a) an ongoing financial interest or (b) an ongoing financial responsibility.

Jointly governed organizations: Per GASBS No. 14, states may create regional governments or other multigovernmental arrangements that are governed by representatives from each of the governments that create the organization. These organizations may appear similar to joint ventures – they provide goods or services to the citizenry of two or more governments – but many do not meet the definition of a joint venture because there is no ongoing financial interest or responsibility by the participating governments.

Refer to GASBS No. 14, *The Financial Reporting Entity*, for additional information regarding definitions.
