**Attachment CU5 – Instructions**  
**Federal Schedules**

---

**Purpose**

This attachment is used to provide DOA with the Federal Schedules needed to prepare the statewide **Schedule of Expenditures of Federal Awards (SEFA)** for the Single Audit Report.

The Single Audit Report is required for compliance with the Single Audit Act Amendments of 1996 and the **Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, located in Title 2 of the Code of Federal Regulations** (Uniform Guidance) at [https://www.ecfr.gov/cgi-bin/text-idx?tpl=/ecfrbrowse/Title02/2cfr200\\_main\\_02.tpl](https://www.ecfr.gov/cgi-bin/text-idx?tpl=/ecfrbrowse/Title02/2cfr200_main_02.tpl)

**It is imperative that entity personnel thoroughly review the uniform guidance to ensure an understanding of the entity’s specific responsibilities. Entities will also need to ensure that the appropriate federal guidance is applied to each specific federal award. Further, the entity should communicate the applicable requirements to subrecipients.**

This attachment is similar to prior year’s Attachment CU5.

**Applicable  
entities and  
requirements**

**All component units** must submit the Questionnaire file to DOA:

- certify **whether** or **not** the entity received or disbursed Federal funds;
- provide information related to loan programs;
- provide information for disbursements to subrecipients;
- indicate whether or not the auditee elected to use the 10% de minimis indirect cost rate;
- certify other identifying numbers assigned by the pass-through entity have been provided on the DISBURSED TO NONSTATE and/or RECEIVED FROM NONSTATE tabs of the Federal Schedules template; and
- indicate what method is used to capture CFDA data in your accounting system for information reported on the SEFA.

Each component unit receiving or disbursing federal funds must report its DUNS number as well as its EIN on the Attachment file. DUNS number information is available at <https://www.sba.gov/federal-contracting/contracting-guide/basic-requirements>. Contact Penny Williams at (804) 225-3804 or by email at [penny.williams@doa.virginia.gov](mailto:penny.williams@doa.virginia.gov) if you have questions.

If the Auditor of Public Accounts (APA) is the entity's auditor for FY 2018 **AND** if the entity received or disbursed Federal funds in FY 2018, the entity is **REQUIRED TO USE** the templates in the files listed below.

- Template – used to prepare the applicable federal schedules
- Reconciliation – used to reconcile the Schedule of Expenditures of Federal Awards to Attachment CU4.

---

**Due date**

All entities must submit this attachment **with their applicable CU4 attachment**. See CU4 instructions for a schedule showing due date by entity.

**Overview of  
federal  
schedules**

All Federal expenditures, **excluding** BABs recorded in Cardinal fund 1302X and expenditures reported on the **RECEIVED FROM NONSTATE** tab, made from funds received directly from the Federal Government and federal expenditures/disbursements reported on all other tabs should be reported on the **SEFA** tab. **This distinction is made because expenditures reported on the RECEIVED FROM NONSTATE tab are classified as “Pass-Through Entity Award Expenditures” in the Statewide report and all other expenditures/disbursements are classified as “Direct Award Expenditures.”**

Federal expenditures and/or disbursements reported on the **SEFA** tab plus the total federal expenditures and/or disbursements reported on the **RECEIVED FROM NONSTATE** tab should equal total federal expenditures for the entity. The individual tabs are discussed below:

1. **RECEIVED FROM STATE** tab – pass-through funds received from other state agencies/institutions should be reported on this tab. **ANY EXPENDITURE MADE FROM THESE FUNDS SHOULD BE INCLUDED ON THE SEFA TAB.**
2. **RECEIVED FROM NONSTATE** tab – pass-through funds received from non state entities (**See definition of non state entities on page 11**) and expenditures made from the funds received should be reported on this tab. **EXPENDITURE AMOUNTS REPORTED ON THE RECEIVED FROM NONSTATE TAB SHOULD NOT BE INCLUDED ON THE SEFA TAB.**
3. **DISBURSED TO STATE** tab – pass-through funds disbursed to other state agencies/institutions should be reported on this tab. **THESE DISBURSEMENTS SHOULD ALSO BE INCLUDED ON THE SEFA TAB.**

4. **DISBURSED TO NONSTATE** tab – pass-through funds disbursed to non state entities (See **definition of non state entities on page 11**) should be reported on this tab. **THESE DISBURSEMENTS SHOULD ALSO BE INCLUDED ON THE SEFA TAB.**
5. **SEFA** tab – all expenditures/disbursements made by the entity, **except for expenditures reported on the RECEIVED FROM NONSTATE tab**, should be included on this tab.
6. **FLUCTUATION ANALYSIS** tab – This tab provides a comparison of the prior year's SEFA tab to the current year's SEFA tab to identify any differences by major federal agency and requires an explanation whenever any differences are identified with a “YES” in the “Significant Variance” column.
7. **REVISION CONTROL LOG tab** – All revisions should be listed on this tab.

**Important  
Items-General**

- Use the **cash basis** of accounting.
- All attachment files **are designed so that you only need to fill in the yellow highlighted cells.**
- Enter **whole dollar amounts** in all files to prevent rounding errors.
- **Within the first six tabs of the federal schedules workbook there will be a column labeled with the symbol “@” which will be used to identify Research and Development expenditures.**

**Note: An error message will appear if you attempt to enter anything in this column other than the symbol indicated above. A blank cell indicates Non-R&D federal expenditures.**

- **Build America Bonds (BABs) Fund subsidies recorded in Cardinal fund 1302X are excluded from SEFA reporting per OMB.**
- **All National Science Foundation (NSF) awards should be reported as R&D clusters on the SEFA. Due to the transition period required to expend all previous awards, entities must evaluate all NSF expenditures to determine whether the disbursements require inclusion as an R&D cluster or should be reported separately.**
- **Ensure all federal expenditures are recorded in the proper federal fund in Cardinal or entity general ledger as appropriate. Ensure you have notified General Accounting if you have received BABs and activity is recorded in Cardinal fund 1302X.**
- **If N/A appears in any cell you have keyed, you have entered invalid data and you should recheck what has been keyed. Please do not submit schedules with N/A unless you have discussed it with DOA first.**

**Important  
Items-Federal  
schedules  
template**

- **It is important to make sure you have checked the [www.cfda.gov](http://www.cfda.gov) website to ensure that all CFDA numbers are valid for the current SEFA. Please pay close attention to CFDA programs that have been deleted or changed to an alternate CFDA number.**
- If the CFDA number is entered and the incorrect Federal Program Name or Federal Program Grantor Name appears on any spreadsheet, **and you have verified the CFDA number is correct by checking the [www.cfda.gov](http://www.cfda.gov) website**, please contact Penny Williams at (804) 225-3804 or email at [penny.williams@doa.virginia.gov](mailto:penny.williams@doa.virginia.gov) for assistance.
- Unknown CFDA numbers are those numbers where the Federal grantor is known but the CFDA number is unknown. You must include the first two digits of the CFDA number. (For example, 10.000 would be used if the Federal Grantor is the U.S. Department of Agriculture, but the CFDA number is unknown.)
- **A column titled “Program Name - Unidentified CFDA Number” is included in each tab in the Federal Schedules.xlsm file. Enter the program name (if known) followed by a dash and then enter the other identifying number (such as the contract number) in this column if N/A appears in the program name column when the actual CFDA number is unknown.**
- **It is now a requirement as stated above to include an identifying number or award identification number if the CFDA is not known.**

**Note: In instances where disbursements were made from inactive CFDA numbers, provide the inactive CFDA number.**

- Do not complete the “Program Name-Unidentified CFDA Number” column when the Program name is already populated on the schedules.
- When changes are made to any schedule, make sure to submit the revised certification, **and if a revision is made to the SEFA tab**, submit a revised reconciliation. Also, please ensure the revision control log is completed for any changes made to the tabs on the federal schedules.xlsm file.
- Ensure you confirm pass-through amounts received or disbursed with the receiving or disbursing agency prior to submission to DOA. The amounts reported by the disbursing or receiving agency should be the same in most cases. Discrepancies should be discussed with DOA prior to submission. Ensure the entity reports the appropriate amounts and the appropriate designation as research/development or non-research/development.

**Note: Please ensure pass-through amounts reported on the SEFA and RECEIVED FROM NONSTATE tabs do not exceed the total direct and/or indirect amounts reported by CFDA number. Amounts provided to subrecipients are now reported on the face of the Final SEFA schedule and pass-through amounts cannot exceed the total of direct and indirect expenditures reported. DOA will contact you if the pass-through amounts exceed the total of direct and indirect costs.**

Items-Federal

(continued)**

- Ensure the reconciliation ties to the final close Cardinal reports and to the appropriate accounts listed on the reconciliation, if applicable.
- **Use the “@” symbol to indicate Research and Development (R&D) expenditures. No symbol is used for non-R&D expenditures.** Running totals are located at the top of each spreadsheet.
- Do not use “-” (dashes) to represent \$0.00. You must use the number “0”.
- Do not place the number “0” on any worksheets that do not contain federal expenditure data.
- Do not leave blank rows between rows of information within the spreadsheets when keying in data.
- Do not use abbreviations or include error messages or pennies on any schedules.
- The Federal Government is **not** a **non state entity**. **Non state entities** are counties, cities, towns, local governments, local governmental authorities, regional governmental authorities, public or private foundations, institutions, museums, and corporations or similar organizations which are not units of State government or political subdivisions of the Commonwealth as established by general law or special act. **(DO NOT report disbursements to or receipts from the Federal government on the **DISBURSED TO NON STATE** and/or **RECEIVED FROM NON STATE** tabs.)** Community service boards and area agencies on aging should be reported as non state agencies for reporting purposes. These agencies are not audited by the Auditor of Public Accounts and are not considered to be state agencies.

**Do not include Federal subagencies on disbursed/received from non-state tabs. Instead, ensure that all Federal award numbers or other identifying numbers are provided. Federal subagencies are listed on the following websites:**

- <http://www.nih.gov/icd/>
- <http://www.nasa.gov/about/sites/index.html>

- Pass-through disbursements to State or non state entities should be reported as expenditures on the appropriate tab(s). **Do not eliminate any pass-through disbursements.** DOA eliminates pass-through transactions at a statewide level.
- Include indirect cost recoveries as expenditures on the SEFA tab.
- Refunds of Federal revenue should **not** be reported on any of the Federal Schedules.
- In those instances where pass-through funds are returned to the original granting entity, the amount should be netted (since the receiving pass-through entity did not expend them). Then, if the original entity subsequently spends those funds, it should be reported on their individual entities SEFA and would be counted in that manner for the Commonwealth federal schedules.
- **Sort and combine grant expenditures and program income expenditures to report the total expenditures for each Catalog of Federal Domestic Assistance (CFDA) number on a single line.**
- Add the value of nonmonetary disbursements to the monetary expenditures to determine the total expenditures for CFDA numbers that have both monetary and nonmonetary disbursements. If the entity has nonmonetary disbursements, contact the individual listed in the **Questions** section on page 3.
- Use the hard copy or on-line ([www.cfda.gov](http://www.cfda.gov)) version of the Catalog to verify the CFDA numbers and program names.
- **Do not use CFDA number 00.000.** Contact the entity that provided the funds to determine the correct and complete CFDA number. At a minimum, each entity is required to identify the Federal grantor agency with the first two digits of the CFDA number (i.e., 10.000, 93.000).

**Note:** A column has been added to the **DISBURSED TO NONSTATE AND RECEIVED FROM NONSTATE** tabs. **Entities should report any other identifying numbers assigned by the pass-through entity in this column. Entities should contact the disbursing entity to determine the other identifying number(s) before leaving the column blank. If there are multiple other identifying numbers report each number in this column, separated by a slash (/). Do not use this column to report identifying numbers assigned by the federal grantor agency.**

- **At a minimum, entities must contact the disbursing entity to determine the actual CFDA number before entering amounts without known CFDA numbers. Entities should make every effort to include any contract numbers if applicable. If an unknown CFDA number is used, you must provide a program name and an identifying number associated with the grant. You will be contacted by DOA if an identifier is not supplied. This is a Federal Audit Clearinghouse (FAC) and Uniform Guidance requirement.**

schedules**

- *The Uniform Administrative Requirements, Cost Principles, and Audit Requirements* Section 200.87 defines research and development “as all research activities, both basic and applied, and all development activities that are performed by a non-profit organization.”
  - Research is a systematic study directed toward fuller scientific knowledge or understanding of the subject studied. Research also includes activities involving the training of individuals in research techniques where such activities utilize the same facilities as other research and development.
  - Development is the systematic use of knowledge gained from research directed toward the production of useful materials, devices, systems, or methods, including design and development of prototypes and processes.

**Do not include payments to contractors under legal obligations for the purchase of goods and services on the pass-through schedules.**

The medium through which payment is rendered (IAT, check, EDI, etc.) does not determine whether the relationship is contractor or subrecipient.

A **subrecipient** is “A non-Federal entity that expends Federal awards received from a pass-through entity to carry out a Federal program, but does not include an individual that is a beneficiary of such a program. A subrecipient may also be a recipient of other Federal awards directly from a Federal awarding agency.”

A **contractor** is “a dealer, distributor, merchant, or other seller providing goods or services that are required for the conduct of a Federal program. These goods or services may be for an organization’s own use or for the use of beneficiaries of the Federal program.”

Consider the following characteristics to identify a subrecipient or contractor relationship. The AGA has provided the following worksheet to help in identifying subrecipient vs. contractor relationships:

[https://www.agacgfm.org/AGA/Intergovernmental/documents/subcontractor\\_checklist.pdf](https://www.agacgfm.org/AGA/Intergovernmental/documents/subcontractor_checklist.pdf)

**SUBRECIPIENT**

- Determines who is eligible to receive Federal financial assistance
- Has its performance measured by meeting the objectives of the Federal program
- Has responsibility for programmatic decision making
- Has responsibility for adherence to applicable Federal program compliance requirements
- Uses the Federal funds to carry out a program of the organization as compared to providing goods or services for a program of the pass-through entity

**CONTRACTOR**

- Provides the goods and services within normal business operations
- Provides similar goods or services to many different purchasers
- Operates in a competitive environment
- Provides goods or services that are ancillary to the operation of the Federal program
- Is not subject to compliance requirements of the Federal program

**DOA strongly encourages communication between entities exchanging Federal pass-through funds.** Such communication ensures consistent reporting and reduces the time required for statewide compilation and audit. Contact Penny Williams at DOA if the entity needs assistance with identifying the Federal contacts at other agencies.

DOA will perform a variance analysis for pass-through funds received and pass-through funds disbursed among State agencies/institutions. DOA will investigate significant variances, and **State agencies/institutions/component units will be required to explain these variances IN WRITING by a due date to be determined in future communications.**

Preparing the federal schedules.xlsm template; **FLUCTUATION ANALYSIS** tab

Instructions for preparing the **FLUCTUATION ANALYSIS** tab are in the table below.

Step	Action
1	Click on the <b>FLUCTUATION ANALYSIS</b> tab. This tab will identify fluctuations in the expenditure amounts reported on the current SEFA tab compared to the prior year SEFA tab. The total SEFA dollar variance is provided in the top section of the tab.
2	In the lower portion of the tab, a fluctuation is provided for each major federal agency category between the current and prior year SEFA tab expenditure amounts. For example, 10.xxx represents all expenditures from the SEFA tab within the federal agency, U.S. Department of Agriculture. A “significant variance” is identified, whenever a “YES” is displayed in the “Significant Variance” column and requires that an explanation of the variance be provided. All SEFA amounts for the current and prior year autopopulate in the appropriate federal agency fields (10.XXX, 11.XXX, etc.). <b>You do not need to enter any current or prior year SEFA expenditure amounts.</b>
3	For the Variance explanation on the <b>FLUCTUATION ANALYSIS</b> tab, if "YES" is displayed in “Significant Variance” column, explain any significant increases or decreases in the major federal agency categories. Compare the prior year's SEFA tab to the current year's SEFA tab to identify any individual program differences for the major federal agency where an explanation is required. It will be helpful to have a copy of the prior and current year SEFA tab submissions to identify programs that are new or no longer being used in the current year SEFA tab submission. Include detailed CFDA #s and/or other information to explain any significant changes identified. <b>It is not sufficient to explain that a specific CFDA had significant changes without providing a reason for the change.</b>
4	It is important to make sure you have checked the <a href="http://www.cfda.gov">www.cfda.gov</a> website to ensure that all CFDA numbers are valid for the current SEFA. Please pay close attention to CFDA programs that have been deleted or changed to an alternate CFDA number.
5	Valid explanations may include that a program is no longer in use or a new program has been added in the SEFA year being reported.
