

Component Unit Year-End Reporting Memorandum – FY 2018
Attachment CU6 - Instructions
Intrafund Activity

Purpose

This attachment is applicable to component units that include foundations and/or component units as part of the reporting entity. This attachment is used to determine if intrafund activity is reported in an entity's financial statements/template. If intrafund activity exists, this attachment is used to determine the entries necessary to eliminate the activity in the Comprehensive Annual Financial Report (CAFR).

Note: This attachment is similar to prior year's Attachment CU6.

Applicable entities

Any component unit that reports a DISCRETE component unit and/or foundation as part of its reporting entity as indicated on Attachment CU1 – Part 7.

Note: **If a component unit reports a BLENDED component unit as part of its reporting entity, information should already be reported net of intrafund eliminations; therefore, this attachment is not required.**

Completing the attachment

Answer "Yes" or "No" as to whether the entity reported amounts on the financial statement/template net of any intrafund activity (Intrafund activity relates to foundations/component units included as part of the reporting entity.)

If yes – Stop here and submit the attachment.

If no – Please provide the entries in the space provided that are required to eliminate intrafund amounts from the CAFR. Use financial statement/template line items previously reported to record entries. The elimination entries should not affect the ending net position amount.
