Supplemental Information

Introduction

Some agencies are required to provide supplemental financial information to DOA for CAFR footnotes and schedules. These agencies and specific requirements are listed on the following pages. Agency names are in alphabetical order.

Submission requirements

All submissions are required to include the following information within the e-mail:

- Agency number
- Agency name
- Contact name
- Contact telephone number
- Contact e-mail address
- Date completed
- Name of preparer
- Name of reviewer
- Description of the supplemental information

Statistical Information should be submitted by fiscal year; however, if fiscal year information is unavailable, calendar or tax year information will be accepted. All submissions must clearly state whether fiscal year, calendar year, or tax year is used.

The subject line of the e-mail should include the agency number, item number, and due date of the submission. For example, if the Department of Taxation is submitting items due on July 9, then the subject line would read “Agy 161, Item #, Due Date July 9, 2020.” In addition, when naming the actual file, include the Item # in the file name.

DO NOT include different due date submissions within the same e-mail.

DOA requires certification of all supplemental information submitted. This certification step requires the names of all preparers and reviewers to be included on all submissions. Please note that there should be a segregation of duties; therefore, the preparer and the reviewer should not be the same individual for any submission. By typing a name, the preparer is certifying that all information in the submission is complete and accurate; the reviewer is certifying that the information has been reviewed and is complete and accurate; the preparer and reviewer were not the same individual; and the preparer and reviewer have read and understood the instructions for the submission. If agency staffing does not allow for a different preparer and reviewer, please contact DOA.

Submit the following by **August 6, 2020:**
1. Provide details for amounts moved from escrow to other funds during fiscal year (FY) 2020, including the receiving fund, date of transfer, amount, and indicate if any amounts were received and recorded in Cardinal prior to FY 2020.

Submit comments addressing the following items by **August 7, 2020:**
2. Review Footnote 40.B, CONTINGENCIES, page 192 of the 2019 CAFR, and provide a Litigation Representation Letter for items arising before August 7, 2020. This letter must identify pending or threatened litigation that would result in a material loss, $5 million or more, significant enough to disclose in the General Fund Preliminary (Unaudited) Annual Report of the Commonwealth. **GASBS No. 62, Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements,** requires that a loss contingency be recorded and reflected in the Commonwealth’s financial statements if both of the following conditions are met:
   - Information available prior to issuance of the financial statements indicates that it is probable that an asset has been impaired or a liability has been incurred at the date the financial statements are being prepared. It is implicit in this condition that it is probable that one or more future events will occur confirming the fact of the loss.
   - The amount of the loss can be reasonably estimated.

Additionally, **GASBS No. 62** requires a loss contingency to be fully disclosed in the footnotes if neither of the above two conditions are met, or if an exposure to loss exists in excess of the amount accrued, and the occurrence of the loss is reasonably possible. This disclosure must indicate the nature of the contingency and give an estimate of the possible loss or range of loss, or state that such an estimate cannot be made. If the probability of the loss is only remote, then the loss need not be disclosed.
Submit comments addressing the following items by **August 7, 2020**, continued:

All material pending litigation existing as of June 30, 2020, and all material threatened litigation, arising after June 30, up to the date of the letter, must be considered in formulating the response. Please indicate the following for each litigation issue identified:

- Nature of the legal issue
- How the Commonwealth is responding or intends to respond to the charges
- Progress of the case to date
- An evaluation of the probability of an unfavorable outcome
- An estimate, if possible, of the potential loss or range of loss

Submit the following by **October 1, 2020**:

3. A Litigation Representation Letter for the fiscal year ended June 30, 2020. This letter must identify pending or threatened litigation that would result in a material loss, $5 million or more, significant enough to disclose in the Commonwealth’s financial statements or accompanying notes.
