**Energy
Performance
Contracts**

The Treasury Board administers the lease financing program for energy efficiency projects. These projects are intended to reduce energy consumption and demand or allow for the use of an alternative energy source. In some cases these projects are funded through escrow financing. A bank account is established for the agency to purchase equipment or pay for other project expenses over a certain period of time. This type of funding should be reported as installment purchase obligations. Below are example entries of how to record activity related to the escrow funding of these projects.

Note: In some cases the specific financial statement template (FST) line item is not provided. Use professional judgment to determine the appropriate FST line item.

Cash Installment Purchase Obligations	Record escrow funds to be used by the agency for the energy efficiency projects.
Operating Expenses Cash	Record payments to contractors from the escrow funds.
Capital Assets Operating Expenses	Reclassify expenses that meet capitalization threshold.
Operating Expense - Interest Expense Installment Purchase Obligations Cash	Payment on installment purchase obligation.
Cash Nonoperating Revenue – Investment Income* *Note: If not legally restricted for a specific program	Record investment earnings on escrow funds.
Capital Assets (for capitalizable equipment) Operating Expenses (for noncapitalizable equipment) Accounts Payable	Agency identifies payable vouchers at June 30.

Lag Pay

The Commonwealth pays its employees on the 1st and 16th of each month. The pay the employee receives on the 1st is for the work they completed in the previous month from the 10th-24th. The pay that is generated on the 16th is for work the employee performed from the 25th of the previous month to the 9th of the current month. Below is illustrative guidance for FY 2020:

<u>Paid on:</u>	<u>Work Performed:</u>
July 1	June 10-June 24
July 16	June 25-July 9

The Commonwealth's reporting period ends June 30 of each year. However, due to lag pay, employees are not paid until the next fiscal year for work completed in the previous fiscal year.

Analyze all account 5011XX0 activity on Cardinal for the July 1 and July 16 pay. Exclude accounts 5011710 through 5011740 and 5011750 as these are termination benefits.

Accounts 5011110, 5011140, 5011160, 5011170, 5011190, 5011650, and 5011660	Due to VRS (Due to External Parties - Fiduciary Funds)
Account 5011150	Due to DHRM (Due to Other Funds) for health care premiums
Remaining 5011XX0 account codes (excluding Termination Benefit accounts as described above)	Salary/wages payable

All of the July 1 pay period and a percentage of the July 16 pay period is included. The percentage to use for the July 16 pay is the weekdays in the prior fiscal year divided by the total number of weekdays of the pay period.

$$\frac{\text{\# of weekdays: June 25-June 30}}{\text{Total \# of weekdays June 25-July 9}}$$

For the July 16 pay period only, account 5011150 is removed from the calculation. This code must be removed because the July 16 and August 1 health care premiums cover July.
