General Fund (fund 01000) appropriation available and appropriation revenue for operating programs 108xxx and 110xxx must be reported on TAB 1. Fund 01000, program 108xxx and 110xxx amounts represent appropriations for Student Financial Assistance and Financial Assistance for Educational and General Services, respectively. Report any other General Fund activity that does not fit in any other categories in TAB 1 or the TAB 2 in this section and include a description. The appropriation available-other amount should include **all** remaining General Fund (fund 01000) cash (account 101010), **except** cash that is already reported as capital outlay appropriations (program 998000) or cash that will **not** be reappropriated.

Due from  
Primary  
Government**

Cardinal account 101010, Cash with the Treasurer of Virginia, amounts that offset accounts 205020, Accounts Payable, and 205025, Accts Payable-AP/EX Accruals, for funds 01000, General Fund, and 09650, Central Capital Planning Fund, should be reported as Due from Primary Government on the Statement of Net Position in the Attachment HE-10. These amounts do not represent appropriations available and should not be reported in Attachment HE-8 TAB 1 Part 1.

---

**TAB 2 -  
reporting  
transfer  
accounts**

TAB 2 is to report certain transfer activity but not all transfer activity in the corresponding section. Report amounts in the applicable section. Below is a description of the transfer accounts to report on TAB 2 and the total of these amounts should agree to the applicable line items on the Statement of Activities in the Attachment HE-10.

- **E&G Transfers:** This represents Educational & General (E&G) appropriation revenue and the corresponding cash is transferred from the General Fund (fund 01000) to fund 03000 using Cardinal accounts 609690 and 609700.
- **E&G Reversions:** This represents E&G reversions as of year-end from fund 03000 back to the General Fund (01000) using Cardinal account 609970. The reversion should be reported as a negative amount.
- **Payments to Treas. Bd. – VCBA 21<sup>st</sup> Cent. & Eqt. Pgms:** These represent transfers/payments from the institution's fund 03000 using Cardinal account 609830 to the Treasury Board, business unit 15500, to pay a share of VCBA's debt service costs as required by the Appropriation Act for VCBA 21<sup>st</sup> Century and Equipment programs. Transfer accounts are not used for the Tier III institutions' payments to the Treasury Board; however, these payments should also be included on this line item. These amounts should be reported as a negative amount.

Other transfer accounts on Cardinal should be reported on the applicable Attachment HE-10's FST line item.

**Example 1 for Attachment HE-8**      The following tables give some **examples** of the type of information to report on this attachment.

TAB 1: Example of Appropriation Available/Appropriation Revenue – Capital Projects:

<b>Appropriation Available calculation</b>	<b>Amount</b>	<b>Appropriation Revenue calculation</b>	<b>Amount</b>
Beginning Balance	75,000		
Total State Appropriation Revenue – Capital Projects	225,000	Current Year Appropriation Revenue	250,000
Less: Current year net expenditures	-80,000	Less: Current Year Reversion	-25,000
Total Appropriations Available - Capital Projects per Statement of Net Position	220,000	Total State Appropriation Revenue - Capital Projects per Statement of Activities	225,000

TAB 1: Example of Appropriation Available/Appropriation Revenue – Other:

<b>Appropriation Available calculation</b>	<b>Amount</b>	<b>Appropriation Revenue calculation</b>	<b>Amount</b>
Fund 01000, Program 108xxx Remaining Cash (see Note A)	0	Fund 01000, Program 108xxx Appropriation Revenue	2,000,000
Fund 01000, Program 110xxx Remaining Cash (see Note A)	0	Fund 01000, Program 110xxx Appropriation Revenue	400,000
		Program 108xxx Reversion (see Note A)	-50,000
		Program 110xxx Reversion (see Note A)	-10,000
Total Appropriation Available – Other per the Statement of Net Position	0	Total State Appropriation Revenue – Other per Statement of Activities	2,340,000

Note A: If General Fund unexpended appropriations for operating programs (108xxx & 110xxx) are not expected to be reappropriated, this example shows that Cardinal as of year-end would report cash (account 101010) of \$60,000 for programs 108xxx and 110xxx as reversions. Since these amounts are not expected to be reappropriated, the Appropriations Available – Other is zero on the Statement of Net Position.

TAB 2: Some examples of Appropriation Revenue (transfers) are as follows:

<b>Description</b>	<b>Amount</b>
Account 609690, Fund 03000	68,500,000
Account 609700, Fund 03000	-500,000
Total E&G Transfers per Statement of Activities	68,000,000
Account 609970, Fund 03000	-23,750
Total E&G Reversions per Statement of Activities	-23,750
Transfers to Treasury Board (to Business Unit 15500 from fund 03000 Account 609830) and payment by Tier III HEIs for a portion of debt service costs for the VCBA 21 <sup>st</sup> Century and Equipment Programs in accordance with the Appropriation Act	-350,000
Total Payments to Treas. Bd. – VCBA 21 <sup>st</sup> Cent. & Eq. Pgms. per Statement of Activities	-350,000

**Appendix 1: Central Capital Planning Fund (Fund 09650)**

During FY 2008, certain capital projects were provided funding from the Central Capital Planning Fund for pre-planning or detailed planning costs and the source of funding was from general fund appropriations. Over the years, certain projects previously funded out of fund 09650 reimburse the Central Capital Planning Fund. The transactions on Cardinal for these reimbursements would be as follows:

- A revenue credit (account 4009084) is posted to the HEI's fund 09650 fund/project(s) for an amount equal to the cumulative prior years' expenditures,
- an expenditure credit for the current year's expenditures for the applicable project(s), and
- an expenditure debit is posted to the HEI's bond fund 08170/project(s) for the total of these amounts which represent the total cumulative expenditures.

These entries create cash in the HEI's fund 09650 and negative cash in the HEI's fund 08170. Institutions have to request reimbursement from Treasury for the expenditures charged to the HEI's fund 08170 to replenish the cash. The cash created from the expenditure credit (for current year expenditures) and revenue credit (for prior years' expenditures) in the HEI's fund 09650/project(s) plus any cash already in the HEI's fund 09650/project(s) is transferred out (account 609830) to business unit 94900 fund 09650. This transfer out should be reported on the "Operating and Nonoperating Expenses" Attachment HE-10's FST line item.

Typically, new funding from the Central Capital Planning Fund is processed by a transfer out (account 609830) posted from business unit 94900 fund 09650 and a transfer in (account 609820) is posted to the HEI's fund 09650/new project(s) and these transfers in should be reported on the State Appropriation Revenue – Capital Projects Attachment HE-10's FST line item.
