# COMMONWEALTH of VIRGINIA

DAVID A. VON MOLL, CPA  
COMPTROLLER

Office of the Comptroller

P. O. BOX 1971  
RICHMOND, VIRGINIA 23218-1971

August 14, 2015

The Honorable Terence R. McAuliffe  
Governor  
Commonwealth of Virginia  
State Capitol  
Richmond, Virginia 23219

Dear Governor McAuliffe:

In compliance with the provisions of Section 2.2-813 of the *Code of Virginia*, I hereby submit my preliminary annual report on the financial condition of the General Fund of the Commonwealth for the fiscal year ended June 30, 2015.

The Commonwealth ended fiscal year 2015 with a total fund balance in the General Fund of \$1.8 billion measured on the cash basis of activity. This is an increase of \$409.9 million, or 30.4 percent, from last year's ending fund balance of \$1.3 billion. Planned (budgeted) decreases in General Fund balance for this year were \$359.3 million. The difference between the planned decrease and actual increase is primarily attributed to revenue collections and other sources being approximately \$533.2 million more than expected and expenditures and other uses being approximately \$236.0 million less than budgeted. The Commonwealth implemented Governmental Accounting Standards Board Statement No. 54 (GASB No. 54), *Fund Balance Reporting and Governmental Fund Type Definitions*, in fiscal year 2011. This standard affected the funds included in this report as well as the fund balance classifications. Accordingly, \$149.5 million of the ending fund balance is attributable to the funds included pursuant to GASB No. 54, such as the Virginia Water Quality Improvement Fund and the Commonwealth's Development Opportunity Fund. Further, fund balance classifications are shown in the first graph on page 9 and additional information on GASB No. 54 is located in Note 5.

## **Revenue Stabilization Fund**

The Revenue Stabilization Fund is routinely segregated from the General Fund, but Virginia law directs that the Revenue Stabilization Fund be included as a component of the General Fund for financial reporting purposes. Therefore, it is included here both as a cash asset and as a restricted component of fund balance. The Revenue Stabilization Fund can be used only for constitutionally authorized purposes.

The Revenue Stabilization Fund has principal and interest on deposit of \$467.7 million restricted as a part of the General Fund balance. A deposit of \$243.2 million was made during fiscal year 2015 as required by Section 2.2-1829 of the *Code of Virginia*, which includes the advance reservation of \$95.0 million provided in Chapter 2, 2014 Acts of Assembly. Additionally, during fiscal year 2015, in accordance with the provisions of Article X, Section 8 of the *Constitution of Virginia* and Section 2.2-1830 of the *Code of Virginia*, a withdrawal of \$467.7 million was made from the fund. Further, Chapter 665, 2015 Acts of Assembly, authorizes an additional withdrawal estimated at \$235.0 million from the fund during fiscal year 2016.

Under the provisions of Article X, Section 8 of the *Constitution of Virginia*, a deposit of \$605.6 million is required during fiscal year 2017 based on fiscal year 2015 revenue collections. This required deposit is included as a restricted component of fund balance and includes the advance reservation of \$129.5 million provided in Chapter 665, 2015 Acts of Assembly.

Section 2.2-1829(b) of the *Code of Virginia* requires an additional deposit into the Fund when specific criteria have been met. No such deposit is required since the specified criteria were not met for fiscal year 2015.

### **Amounts Available for Reappropriation**

Section 4-1.05a.1 of Chapter 665 requires reappropriation of 2015 fiscal year unexpended appropriations for Legislative and Judicial Departments, as well as Independent Agencies and states that institutions of higher education reappropriations are subject to Section 2.2-5005 of the *Code of Virginia*. Additionally, this Section specifies that unexpended balances in the Executive Department will be reappropriated where required by the *Code of Virginia*, where necessary for the payment of preexisting obligations, or where the Governor determines reappropriation is appropriate. Section 4-0.01b provides that all appropriations, however, are declared to be conditioned on the receipt of sufficient revenue to support them.

Based on an analysis by the Department of Planning and Budget of unexpended appropriations and balances at June 30, 2015, the following amounts have been committed: \$21.5 million for capital outlay project needs; \$8.8 million for health care services, \$14.2 million for central capital planning; \$36.3 million for communication sales and use tax distributions; \$24.1 million for natural disaster sum sufficient amounts; \$58.5 million for mandatory reappropriations; \$437 thousand for the Federal Action Contingency Trust Fund; and \$61.7 million pending transfer to the Virginia Water Quality Improvement Fund.

In addition, the Department of Planning and Budget has identified \$247.2 million as available balances to meet the requirements of Chapter 665. The Department of Planning and Budget has also identified \$70.9 million to be assigned for discretionary reappropriations. As of June 30, 2015, sufficient cash is not available to assign the entire amount for discretionary reappropriations. Therefore, \$60.7 million is assigned on the accompanying Balance Sheet.

Additionally, restricted balances of \$6.5 million, committed balances of \$103.1 million and assigned balances of \$39.8 million are being reported due to the inclusion of additional funds pursuant to GASB No. 54 which redefined funds for financial reporting purposes and requires selected activity that was previously excluded from the General Fund to be included.

### **Virginia Water Quality Improvement Fund**

Section 10.1-2128 of the *Code of Virginia* established the Virginia Water Quality Improvement Fund. The Fund has \$32.9 million on deposit committed as part of the General Fund balance. The Fund was established to provide Water Quality Improvement Grants to various entities to assist in pollution prevention and reduction. The Fund shall consist of amounts appropriated by the General Assembly. Unless otherwise specified by the general appropriation act, these appropriations shall consist of ten percent of revenues collected in excess of the official estimate and ten percent of any unrestricted and uncommitted fund balance not required for reappropriation. For the year ended June 30, 2015, \$55.0 and \$6.7 million that represent ten percent of the excess revenue collections and ten percent of the unrestricted and uncommitted fund balance not required for reappropriation, respectively, have been committed. Upon appropriation by the General Assembly, \$61.7 million will be transferred from the General Fund to the Virginia Water Quality Improvement Fund. For additional information regarding the Virginia Water Quality Improvement Fund, see Note 11.

**Basis of Presentation**

This preliminary annual report is comprised of cash basis financial statements that present the financial condition, results of operations, and changes in fund balance of the Commonwealth's General Fund. The notes to the financial statements are an important and integral part of the statements.

This preliminary report is presented on an unaudited basis. In preparing this report, we relied upon the internal accounting controls of the Commonwealth that are designed to provide management with reasonable, but not absolute, assurances that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and are properly recorded to permit the preparation of financial statements.

**Final Report and Award**

The final Annual Report of the Comptroller, due on December 15, 2015, will include certain accruals and other information required for conformance with generally accepted accounting principles. It will be audited by the Auditor of Public Accounts.

We are proud to report that the Comprehensive Annual Financial Report for the year ended June 30, 2014, was awarded the Certificate of Achievement for Excellence in Financial Reporting from the Government Finance Officers Association of the United States and Canada (GFOA). Virginia's Annual Report has received this award for 29 consecutive years. In addition, Virginia received a companion award from the GFOA for its fiscal year 2014 Popular Report, entitled *Virginia Financial Perspective*. Virginia's Popular Report has received this award for 20 consecutive years.

Respectfully submitted,

David A. Von Moll

## **6. REVENUE STABILIZATION FUND**

In accordance with Article X, Section 8 of the *Constitution of Virginia*, the amount estimated as required for deposit to the Revenue Stabilization Fund must be appropriated for that purpose by the General Assembly. A deposit of \$243.2 million was made during fiscal year 2015 as required by Section 2.2-1829 of the *Code of Virginia*, which includes the advance reservation of \$95.0 million provided in Chapter 2, 2014 Acts of Assembly. Additionally, during fiscal year 2015, in accordance with the provisions of Article X, Section 8 of the *Constitution of Virginia* and Section 2.2-1830 of the *Code of Virginia*, a withdrawal of \$467.7 million was made from the fund. Further, Chapter 665, 2015 Acts of Assembly, authorizes an additional withdrawal estimated at \$235.0 million from the fund during fiscal year 2016.

Under the provisions of Article X, Section 8 of the *Constitution of Virginia*, a deposit of \$605.6 million is required during fiscal year 2017 based on fiscal year 2015 revenue collections. This required deposit is included as a restricted component of fund balance and includes the advance reservation of \$129.5 million provided in Chapter 665, 2015 Acts of Assembly.

Section 2.2-1829(b) of the *Code of Virginia* requires an additional deposit into the Fund when specific criteria have been met. No such deposit is required since the specified criteria were not met for fiscal year 2015.

The Revenue Stabilization Fund has principal and interest on deposit of \$467.7 million restricted as a part of General Fund balance. Pursuant to the constitutional amendment of Article X, Section 8, effective January 1, 2011, the amount on deposit cannot exceed fifteen percent of the Commonwealth's average annual tax revenues derived from taxes on income and retail sales for the preceding three fiscal years.

## **7. LOTTERY PROCEEDS FUND**

In accordance with Article X, Section 7-A of the *Constitution of Virginia*, lottery proceeds must be distributed to the Commonwealth's localities and the school divisions to be expended for the purposes of public education. Further, Section 58.1-4022.1 of the *Code of Virginia* directs the Lottery Proceeds Fund be included as a component of the General Fund for financial reporting purposes. Accordingly, the financial activity of the Lottery Proceeds Fund for fiscal year 2015 is included in the Preliminary Statement of Revenues, Expenditures, and Changes in Fund Balance. The remaining cash balance of \$2.8 million is restricted as a component of the General Fund balance.

## **8. COMMITTED AND ASSIGNED FUND BALANCE**

Committed Fund Balance represents amounts that must be spent for specific purposes that have been legislatively mandated by the Governor and General Assembly. Assigned Fund Balance represents amounts that the Commonwealth has identified for planned purposes but for which the intended use is not legislatively mandated. The accompanying Balance Sheet includes amounts that share the same purpose and title, such as Economic and Technological Development as both Committed and Assigned components of fund balance. The distinction between these classifications results from whether there is a statutory restriction on certain amounts contained within the fund.

**A. OTHER COMMITTED FUND BALANCE**

As of June 30, 2015, the breakdown of Other Committed Fund Balance is as follows.

Other Committed	Amount (In Thousands)
Health and Public Safety	\$ 9,110
Environmental Quality and Natural Resource Preservation	3,289
Educational and Training programs	928
Capital Outlay	567
Agriculture and Forestry	101
Governmental Operations - Administrative Services	83
Total Other Committed Fund Balance	\$ <u>14,078</u>

**B. OTHER ASSIGNED FUND BALANCE**

As of June 30, 2015, the breakdown of Other Assigned Fund Balance is as follows.

Other Assigned	Amount (In Thousands)
Governmental Operations - Legislative Services	\$ 2,972
Educational and Training programs	2,604
Capital Outlay	1,434
Governmental Operations - Administrative Services	1,253
Employee benefit administration	973
Contract and Debt Administration	107
Regulatory oversight	23
Agriculture and Forestry	2
Total Other Assigned Fund Balance	\$ <u>9,368</u>

**9. COMMUNICATION SALES AND USE TAX FUND**

The Appropriation Act directs the Communications Sales and Use Tax Fund be included as a component of the General Fund for financial reporting purposes. Previously, this activity was reported in another fund. The Commonwealth collects communication sales and use taxes and disburses these amounts to localities. The remaining cash balance of \$36.3 million is reported as committed fund balance.

**10. ACCELERATED SALES TAX COLLECTIONS**

Pursuant to Section 58.1-615 *Code of Virginia* as amended by Chapter 872, 2010 Acts of Assembly, Section 3-5.14, the Commonwealth collected \$190.3 million in accelerated sales and use taxes in June 2015. This portion of the \$3.6 billion sales and use tax collections recorded as fiscal year 2015 was accelerated from revenues that would otherwise have been collected in July 2015 and recorded as revenues in the fiscal year 2016 cash basis financial statements.

## 11. VIRGINIA WATER QUALITY IMPROVEMENT FUND

Section 10.1-2128 of the *Code of Virginia* established the Virginia Water Quality Improvement Fund. Prior to fiscal year 2011, the Fund was reported as a non-general governmental fund. However, with the implementation of GASB No. 54 in fiscal year 2011, this fund is now included in the General Fund for financial reporting purposes, and the balance on deposit (\$32.9 million) is reported as committed fund balance.

The Fund was established to provide Water Quality Improvement Grants to various entities to assist in pollution prevention and reduction. The Fund shall consist of amounts appropriated by the General Assembly. Unless otherwise specified by the general appropriation act, these appropriations shall consist of ten percent of revenues collected in excess of the official estimate and ten percent of any unrestricted and uncommitted fund balance not required for reappropriations. For the year ended June 30, 2015, \$55.0 and \$6.7 million that represent ten percent of the excess revenue collections and ten percent of the unrestricted and uncommitted fund balance not required for reappropriation, respectively, have been committed. Upon appropriation by the General Assembly, \$61.7 million will be transferred from the General Fund to the Virginia Water Quality Improvement Fund.

## 12. PLANNED DISBURSEMENTS

The amounts committed and assigned on the Balance Sheet represent plans for future utilization of current financial resources. For the year ended June 30, 2015, the Department of Planning and Budget certified total assigned fund balance of \$358.0 million as follows.

<u>Assigned Fund Balance</u>	Amount (In Thousands)
Amount Required by Chapter 665	\$ 247,194
Health and Public Safety	15,588
Economic and Technological Development	8,986
Environmental Quality and Natural Resource Preservation	5,883
Amount Required for Discretionary Reappropriations	70,947
Other	9,368
Total Assigned Fund Balance	<u>\$ 357,966</u>

The Balance Sheet reflects assigned fund balance of \$347.7 million for the above purposes. Sufficient cash is not available for the remaining \$10.3 million of planned disbursements from assigned fund balance. Further, sufficient cash is not available to require deposits pursuant to Section 2.2-1514 of the *Code of Virginia* for the Transportation Trust Fund and nonrecurring expenditures for fiscal year 2015.
